BRILLA
Public Charter Schools

Dear Brilla Families,

Brilla Public Charter Schools are committed to the excellence and holistic development of each Brilla student and understand the need for resources that will enrich your children. As such, we have put together this information packet for your convenience. In this packet, you will find a full list of summer programs, events and online programs for you to explore. We encourage you to take part in as many educational and recreational activities, either in person or online, this summer!

Brilla's Top Pick: We highlight the **Summer Rising** program. Summer Rising is New York City's free school-based summer program for any City child in grades K–8. These programs provide a bridge to the next school year and allow students to reconnect with one another and with their schools. Students will address unfinished learning while being provided avenues for recreation, exploration, and fun. You can view their application online to find a program near you at: <https://www1.nyc.gov/site/dycd/services/SummerRising.page>.

We hope that this helps lighten your summer research load. For any questions or additional resources please reach out to your school based Operations teams.

Sincerely,

Brilla Enrollment and Outreach Team
#BronxEducated

Querida Familias de Brilla,

Las Escuelas Públicas Chárter de Brilla están comprometidas a la excelencia y el desarrollo integral de cada estudiante y, como tal, hemos reunido este paquete de información para su conveniencia. En este paquete encontrará una lista completa de programas/eventos de verano y programas en línea para que pueda explorar. ¡Te animamos a participar en tantas actividades educativas y recreativas, ya sea en persona o en línea, este verano!

La selección recomendada por Brilla: Destacamos el programa Summer Rising. Summer Rising es el programa gratuito de verano escolar de la ciudad de Nueva York para cualquier niño de la ciudad en los grados K-8. Estos programas proporcionan un puente para el próximo año escolar y permiten a los estudiantes reconectarse entre sí y con sus escuelas. Los estudiantes abordarán el aprendizaje inacabado mientras se les proporcionan las vías para la recreación, la exploración y la diversión. Puede ver la aplicación en línea y encontrar un programa cerca de usted en: <https://www1.nyc.gov/site/dycd/services/SummerRising.page>.

Esperamos que esto ayude en su búsqueda de un programa de verano. Para cualquier pregunta o recursos adicionales, comuníquese con los equipos de operaciones de su escuela.

Sinceramente,

El departamento de Inscripción y Alcance de Brilla

Summer Programs 2022

Aspira New York

COMPASS offers quality programs with a strong balance of academics, recreation, enrichment and cultural activities to support and strengthen the overall development of young people. The programs serve students in grades K-8 after school, on many school holidays and during part of the summer, and are typically divided between elementary and middle school. COMPASS aims to help youth build skills to support their academic achievement, raise their confidence, and cultivate their leadership skills through service learning and other civic engagement opportunities.

Bronx House Day Camps

Our camp is located on the beautiful 100-acre rustic Henry Kaufmann Campgrounds in Rockland County. Bronx House has been using these magnificent grounds for more than 60 years and they continue to offer a unique camping experience that camps remaining in the city cannot compare with. These exceptional campgrounds allow us to provide a wide variety of activities for your child. Activities such as swimming, sports, boating, gardening, high ropes challenge course, S.T.E.M., nature, archery, yoga, music and more, are made better because of the distinctive outdoor setting. Unless mandated by the Department of Health, Bronx House is not requiring campers to be vaccinated for COVID-19 but we are **STRONGLY RECOMMENDING** parents to consider getting their children vaccinated.

Episcopal Charities of the Diocese of NY

St. Margaret's Church Episcopal Charities' Summer Recreation programs provide meaningful, educational and nurturing opportunities for children who might not otherwise have the opportunity to enjoy such experiences during summer vacation. An inner-city teen has the chance to steer a canoe at an upstate camp. A group of children from Dutchess County can visit a Manhattan museum for the first time. Summer Recreation programs recognize the vital nature of discovery, refreshment and fun that promote learning the other nine months of the year.

Freedom School Summer Program

For 6 weeks in the summer, St. Ann's offers a Children's Defense Fund Freedom School. The Freedom School is designed to teach the children to love to read, with culturally relevant books. The curriculum has the theme "I can make a difference in myself, my family, my community, my country and my world"; so it also develops leaders. Our Freedom School is for the first 100 public school children ages 5-13 who submit completed applications. Older youth are invited to apply to spend a healthy, safe, enlightening and fun summer as community volunteers. Young people who have completed one year of college are invited to apply to be paid "servant leaders" who are role models to and teach the Freedom School scholars.

Long Lake Overnight Camp

Long Lake campers are boys and girls that range anywhere from 8 to 16 years old, and come from all over the world. They take pride in catering to each of our campers' wants and needs, ensuring that they will have the best experience possible. The kids love the outdoors and are not afraid to get dirty or back down from a challenge like our new 40 foot climbing tower!

Whether it is their first time away from home, or a returning camper, the camp directors and counselors provide the highest levels of support and care. They want to make sure that each camper understands that they are our top priority and they are willing to move mountains for them. They have a whole group of counselors called unit leaders and their only job is to ensure that their group of campers is happy, busy and getting everything they want from camp. Unit leaders also speak to parents regularly and give them updates on their kids.

PAL

PAL Summer Day Camps provide positive mentorship and supervision during high-risk summer months. Each summer, PAL provides children ages 5-13 living in communities facing high rates of poverty and crime with Summer Day Camps, free of charge. For these children and their families, PAL's Summer Day Camps are often the sole difference between a 12-week summer characterized by listlessness, risk exposure and learning loss --and a summer filled with nutrition, character development and educational growth. Frequent field trips and special events add excitement to summer days and introduce campers to youth from other communities and cultural resources in and around the City.

Summer Mathematical Camps

BEAM - Students first get to know BEAM at BEAM Discovery, in the summer after 6th grade. They spend five weeks learning math and building a community, which together will form the foundation for their future advancement.

BEAM's long-term commitment to students begins in the summer after 7th grade, when students spend three weeks learning challenging math while living on a college campus.

Summer on the Hill

Academic enrichment program: Summer on the Hill's mission is to enrich the education of promising, low-income public school students from The Bronx, Washington Heights, and Harlem. We prepare our students for selective schools and colleges, and offer guidance to them and their parents. Summer on the Hill (SOH) provides educational opportunities to accepted students for as long as ten years, from the end of 2nd grade through high school.

The five-week Grade 3-8 summer program immerses new and returning students into SOH. The schedule includes daily, intensive instruction in language arts, math, and science. Students additionally have instruction in athletics and the visual and performing arts. The program is held Monday - Friday, from 8:30 -4:30
