Students with Disabilities

In addition to partnering with the community and day care centers Brilla also aggressively targeted potential families by partnering with daycares in the Mott Haven area to deliver high quality virtual information sessions. They also held their own virtual student services orientation. This process ensures families of our capacity to serve their students' needs. ## Entry 10 - Teacher and Administrator Attrition

Completed - Jul 30 2021

## Form for "Entry 10 - Teacher and Administrator Attrition" Revised to Employee Fingerprint

# Requirements Attestation

## A. TEACH System - Employee Clearance

Charter schools must ensure that all prospective employees<sup>[1]</sup> receive clearance through [the NYSED Office of School Personnel Review and Accountability](#) (OSPRA) prior to employment. **This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, or related/contracted service providers.** After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is not employed by the school.

<sup>[1]</sup> Employees that must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. **This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers.** See NYSED memorandum dated October 1, 2019 at <http://www.p12.nysed.gov/psc/aboutcharterschools/lawsandregs/EmployeeFingerprintOct19.pdf> or visit the NYSED website at: <http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html> for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

---

## **B. Emergency Conditional Clearances**

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must simultaneously request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates automatically once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at

<http://www.p12.nysed.gov/psc/aboutcharterschools/lawsandregs/EmployeeFingerprintOct19.pdf>.

INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
Brilla College Preparatory Charter Schools

**Report on the Financial Statements**

We have audited the accompanying financial statements of Brilla College Preparatory Charter Schools, which comprise the statement of financial position as of June 30, 2021, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

**Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brilla College Preparatory Charter Schools as of June 30, 2021, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Report on Summarized Comparative Information**

We have previously audited Brilla College Preparatory Charter Schools' June 30, 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 28, 2020. In our opinion, the summarized comparative information presented herein as of June 30, 2020 is consistent, in all material respects, with the audited financial statements from which it has been derived.

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

Brilla College Preparatory Charter Schools (the “Charter School”) is an educational corporation that operates as a charter school in Bronx, New York.

The Charter currently operates Brilla College Preparatory Charter School and Brilla College Preparatory Charter School Veritas, that charter expires in July 2022. In October 2018, the SUNY Board of Trustees’ Charter School Committee (SUNY) approved the initial five year charters for Brilla Caritas Charter School and Brilla Pax Charter School which opened in August of 2020 and expire June 2025.

The Charter School was established to provide its students in grades K-8 with traditional academic skills to develop their cognitive, social, emotional, and physical excellence.

In December 2020, the Charter School received approval from SUNY for a revision to its charter to create a joint high school program with another Charter School beginning in the 2022-2023 school year; however, this was rejected by the NY State Education Department and SUNY has yet to override this rejection.

Classification of net assets

The financial statements of the Charter School have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Charter School reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

*Net Assets Without Donor Restrictions*

The net assets over which the Board of Trustees has discretionary control to use in carrying on the Charter School’s operations in accordance with the guidelines established by the Charter School. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment.

*Net Assets With Donor Restrictions*

Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Charter School had no net assets with donor restrictions at June 30, 2021 or 2020.

Revenue and support recognition

Revenue from Exchange Transactions: The Charter School recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Charter School records substantially all revenues over time as follows:

Public school district revenue

The Charter School recognizes revenue as educational programming is provided to students throughout the year. The Charter School earns state and local per pupil revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Charter School and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter, and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the charter school can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

The following table summarizes contract balances at their respective statement of financial position dates:

	<u>June 30,</u>		
	<u>2021</u>	<u>2020</u>	<u>2019</u>
Grants and other receivables	\$ 94,061	\$ 906,532	\$ 196,467

Contributions

The Charter School recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Grant revenue

Some of the Charter School's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Charter School has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants and contracts receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying statement of financial position. The Charter School received cost-reimbursement grants of approximately \$412,000 and \$224,000 that have not been recognized at June 30, 2021 and 2020, respectively, because qualifying expenditures have not yet been incurred.

Cash and cash equivalents

Cash and certificates of deposit balances are maintained at financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. The Charter School considers all highly liquid investments with a maturity of six months or less when purchased to be cash equivalents. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash and cash equivalents.

Cash and cash equivalents and restricted cash balances for the years ended June 30, 2021 and 2020 consisted of the following:

	<u>June 30,</u>	
	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 10,417,281	\$ 6,051,857
Cash in escrow	<u>200,013</u>	<u>150,384</u>
	<u>\$ 10,617,294</u>	<u>\$ 6,202,241</u>

Cash in escrow

The Charter School maintained cash in an escrow account in accordance with the terms of its Charter agreement, to pay off expenses in the event of dissolution of the Charter School.

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Grants and other receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2021 and 2020.

Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straight-line method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to seven years. Leasehold improvements are amortized over the term of the lease.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflect in operations.

Contributed services

The Charter School receives contributed services from volunteers to serve on the Board of Trustees. These services are not valued in the financial statements because they do not require "specialized skills" and would typically not be purchased if they were not contributed. The Charter School received food supplies and services, speech and occupational therapy, paraprofessionals, nursing services, counseling services and metro cards for student transportation from the local district.

In-kind contributions

Gifts and donations other than cash are recorded at fair market value at the date of contribution. There were no in-kind contributions received for the year ended June 30, 2021. There were in-kind contributions of \$10,800 received for year ended June 30, 2020.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income. The Charter School has filed for and received income tax exemptions in the various jurisdictions where it is required to do so.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2018 through June 30, 2021 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

Marketing costs

The Charter School expenses marketing costs as they are incurred. Total marketing and recruiting costs approximated \$280,100 and \$247,900 for the years ended June 30, 2021 and 2020, respectively.

Deferred lease liability

The Charter School leases its facilities. The leases contain significant pre-determined fixed escalations of the base rent. In accordance with GAAP, the Charter School recognizes the related rent expense on a straight-line basis and records the difference between the recognized rental expense and the amounts paid under the lease as a deferred lease liability.

Security deposits

Security deposits are made up of payments to third parties in connection with facility lease agreements.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Comparatives for the period ended June 30, 2020

The financial statements include certain prior year summarized comparative information in total but not by functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with Charter School's financial statements for the period ended June 30, 2020, from which the summarized information was derived.

New accounting pronouncements

Leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use ("ROU") assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020 to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

Gifts-in-kind

In September 2020, the FASB issued a new accounting update to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind. The update requires not-for-profit entities to present contributed nonfinancial assets separately on the statement of activities, apart from contributions of cash and other financial assets. In addition, the update requires not-for-profit entities to disclose in the notes to the financial statements a breakout of the different types of gifts-in-kind recognized, any donor restrictions associated with the gift, the valuation technique(s) used to arrive at the fair value measure, whether or not the gift-in-kind was monetized, and any policies on monetization. The update is effective for fiscal years beginning after June 15, 2021 and will be applied on a retrospective basis. The Charter School is currently evaluating the provisions of this update to determine the impact it will have on the Charter School's financial statements.

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 27, 2021, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted, except as disclosed in Note F.

NOTE B: LIQUIDITY AND AVAILABILITY

The Charter School regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Charter School's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Charter School considers all expenditures related to its ongoing activities of teaching, and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Charter School operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Charter School's cash and shows positive cash generated by operations for fiscal years 2021 and 2020.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following at June 30, 2021 and 2020:

	<u>June 30,</u>	
	<u>2021</u>	<u>2020</u>

Total financial assets available to management for general expenditures within one year	<u>\$ 11,561,674</u>	<u>\$ 7,278,552</u>

The Charter School has a line of credit with a maximum borrowings of \$1,000,000 which they could draw upon in the event of unanticipated liquidity needs. At June 30, 2021, no amount was outstanding on this line.

NOTE M: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

On January 30, 2020, the World Health Organization (“WHO”) announced a global health emergency because of a new strain of coronavirus (the “COVID-19 outbreak”) and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in exposure globally. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. As such, it is uncertain as to the full magnitude that the pandemic will have on the Charter School’s financial condition, liquidity, and future results of operations. Management is actively monitoring the global situation on its financial condition, liquidity, operations, suppliers, industry, and workforce. Given the daily evolution of the COVID-19 outbreak and the global responses to curb its spread, the Charter School is not able to estimate the effects of the COVID-19 outbreak on its results of operations, financial condition, or liquidity for fiscal year 2022.

In response to the COVID-19 outbreak, in May 2020, the Charter School applied for and was approved by a bank for a loan of \$1,795,241 through the Paycheck Protection Program established by the Small Business Administration. The loan had a maturity of two years and an interest rate of 1%. The loan had the potential for forgiveness provided certain requirements were met by the Charter School. The loan was funded in May 2020 and was reported as note payable in the accompanying statement of financial position at June 30, 2020. On January 25, 2021, the loan was forgiven in full by the Small Business Administration, which is reported as Paycheck Protection Program note forgiveness on the accompanying statement of activities and changes in net assets for the year ended June 30, 2021.

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and Secondary School Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Charter School has recognized \$556,819 of revenue relative to ESSER grants during the year ended June 30, 2021.

NOTE N: RENEWAL PROCESS

The Charter School is currently in the process of renewing its charter as granted by the New York State Board of Regents. The Charter for Brilla Preparatory Charter School Veritas currently expires July 31, 2022. The renewal process includes review by State University of New York Charter Schools Institute (CSI) of various operational and governance aspects, including fiscal health and internal controls, board governance, and academic performance. The Charter School has submitted its application for renewal. Upon review of the application and results, CSI will determine if the charter should be renewed and if so, for how long. Successful charter renewals can range from one to five years. At this time, management of the Charter School expects the charter to be renewed.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees  
Brilla College Preparatory Charter Schools

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Brilla College Preparatory Charter Schools, which comprise the statement of financial position as of June 30, 2021 and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended and the related notes to the financial statements, and have issued our report thereon dated October 27, 2021.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Brilla College Preparatory Charter Schools' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Brilla College Preparatory Charter Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of Brilla College Preparatory Charter Schools' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Brilla College Preparatory Charter Schools' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM;  
REPORT ON INTERNAL CONTROL OVER COMPLIANCE;  
AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Board of Trustees  
Brilla College Preparatory Charter Schools

**Report on Compliance for Each Major Federal Program**

We have audited Brilla College Preparatory Charter Schools' compliance with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of Brilla College Preparatory Charter Schools' major federal programs for the year ended June 30, 2021. Brilla College Preparatory Charter Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of Brilla College Preparatory Charter Schools' major federal programs based on our audit of the types of compliance requirements referred to above.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Brilla College Preparatory Charter Schools' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Brilla College Preparatory Charter Schools' compliance.

### **Opinion on Each Major Federal Program**

In our opinion, Brilla College Preparatory Charter Schools complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

### **Report on Internal Control over Compliance**

Management of Brilla College Preparatory Charter Schools is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Brilla College Preparatory Charter Schools' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Brilla College Preparatory Charter Schools' internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance**

We have audited the financial statements of Brilla College Preparatory Charter Schools as of and for the year ended June 30, 2021, and have issued our report thereon dated October 27, 2021, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Unless an approval for the same has been obtained from the Borough Superintendent, no change or rearrangement in the structural parts of the building, or affecting the light and ventilation of any part thereof, or in the exit facilities, shall be made; no enlargement, whether by extending on any side or by increasing in height shall be made; nor shall the building be moved from one location or position to another; nor shall there be any reduction or diminution of the area of the lot or plot on which the building is located.

The building or any part thereof shall not be used for any purpose other than that for which it is certified.

This certificate does not in any way relieve the owner or owners or any other person or persons in possession or control of the building, or any part thereof from obtaining such other permits, licenses or approvals as may be prescribed by law for the uses or purposes for which the building is designed or intended; nor from obtaining the special certificates required for the use and operation of elevators; nor from the installation of fire alarm systems where required by law; nor from complying with any lawful order for additional fire extinguishing appliances under the discretionary powers of the fire commissioner; nor from complying with any lawful order issued with the object of maintaining the building in a safe or lawful condition, nor from complying with any authorized direction to remove encroachments into a public highway or other public place, whether attached to or part of the building or not.

It is subject to all the provisions and conditions applying to a final occupancy certificate, it is not applicable to any building under the jurisdiction of the Housing Division unless it is also approved and endorsed by them, and it must be replaced by a full certificate at the date of expiration.

If this certificate is for an existing building, erected prior to March 14, 1916, it has been duly inspected and it has been found to have been occupied or arranged to be occupied prior to March 14, 1916, as noted on the reverse side, and that no information and belief since that date there has been no alteration or conversion to a use that changed its classification as defined in the Housing Code or that would necessitate compliance with some special requirement or with the House Labor Law or any other law or ordinance, that there are no notices of violations or orders pending in the Department of Housing and Buildings at this time; that Section 240F of the New York City Charter has been complied with as certified by a report of the Fire Commissioner to the Borough Superintendent, and that, so long as the building is not altered, except by permission of the Borough Superintendent, the existing use and occupancy may be continued.

Dear Ms. Suli:

This is in response to your request dated April 12, 2012 for a Letter of No Objection (LNO) at 414, 416, & 420 East 145 Street & 413 East 144 Street for educational/church use. There are no Certificates of Occupancy (CO) for these addresses. However, other Department of Buildings (DOB) records from the Block and Lot folder indicate that a church and two ancillary structures were built at this exact location in the 1920's. A convent and teachers dwelling was built on lot 12 per NB 1520 of 1925. A 1-story church is indicated on lot 13 per BN 186 of 1928, and a 4-story rectory is indicated on lot 15 per NB 1521 of 1925, and Alt. 254 of 1961. In addition, the Department of Finance (DOF) indicates a convent on lot 12 under code M4, a church on lot 13 under code M1 and a miscellaneous dwelling under code A9.

Therefore, the Department of Buildings (DOB) has **no objection to educational and church use at 414, 416, & 420 East 145 Street & 413 East 144 Street.**

If this building is hereafter altered or its use changes an application for such alteration work or change of use must be filed and a Certificate of Occupancy shall be issued pursuant to the NYC administrative construction codes Chapter 1, Article 118.

I trust this information has been of assistance to you.

Sincerely,

**Raymond Plumey, FAIA**  
Deputy Borough Commissioner
