Application: Brilla College Preparatory Charter School

Robert Keogh - rkeogh@4thsectorsolutions.com 2022-2023 Annual Report

Entry 1 School Info and Cover Page

Completed - Aug 1 2023

Instructions

Required of ALL Charter Schools

Each Annual Report begins with a completed School Information and Cover Page. The information is collected in a survey format within the <u>Annual Report Portal</u>. When entering information in the portal, some of the following items may not appear, depending on your authorizer and/or your responses to related items.

Entry 1 School Information and Cover Page

(New schools that were not open for instruction for the 2022-2023 school year are not required to complete or submit an annual report this year).

Please be advised that you will need to complete this cover page (including signatures) <u>before</u> all of the other tasks assigned to you by your school's authorizer are visible on your task page. While completing this cover page task, please ensure that you select the correct authorizer (as of June 30, 2023) or you may not be assigned the correct tasks.

BASIC INFORMATION

a. SCHOOL NAME

(Select name from the drop down menu)

BRILLA COLLEGE PREPARATORY CHARTER SCHOOL 800000074675

a1. Popular School Name

Brilla College Prep

b. CHARTER AUTHORIZER (As of June 30th, 2023)

Please select the correct authorizer as of June 30, 2023 or you may not be assigned the correct tasks.
SUNY BOARD OF TRUSTEES
c. School Unionized
Is your charter school unionized?
No
d. DISTRICT / CSD OF LOCATION
CSD # 7 - BRONX
e. Date of Approved Initial Charter
Jun 13 2012
f. Date School First Opened for Instruction
Aug 1 2013

g. Approved School Mission and Key Design Elements
(Regents, NYCDOE and Buffalo BOE authorized schools only)
Brilla Public Charter Schools, K-8 Schools in the classical tradition, help students to grow intellectually, socially, and physically into young men and women of good character and spirit, and to be prepared for excellence in high school, college and beyond.
h. School Website Address
www.brillaschools.org
i. Total Approved Charter Enrollment for 2022-2023 School Year
822

Entry 2 Links to Critical Documents on School Website

Completed - Aug 1 2023

Instructions

Required of ALL Charter Schools noting that SUNY-authorized charter schools are not required to submit item 5: Authorizer-approved DASA policy and NYSED-Approved School Discipline Policy

By law, each charter school is required to maintain certain notices and policies listed on its website. Please insert the link from the school's website for each of the items:

- Current Annual Report (i.e., 2021-2022 Annual Report);[1]
- Board meeting notices, agendas and documents;
- · New York State School Report Card;
- Authorizer-approved DASA Policy and NYSED-Approved School Discipline Policy (For Regents, NYCDOE, and Buffalo BOE-Authorized Charter Schools ONLY);
- District-wide safety plan, not a building level safety plan (as per the September 2021 <u>Emergency Response Plan Memo</u>;
- Authorizer-approved FOIL Policy; and
- Subject matter list of FOIL records. (Example: See <u>NYSED Subject Matter List</u>)

[1] Each charter school is required to make the Annual Report publicly available by August 1 and to post on their respective charter school website. Each school should post an updated and complete version to include accountability data and financial statements that are not or may not be available until after the August deadline (i.e., Repost when financials have been submitted in November.)

Form for Entry 2 Links to Critical Documents on School Website

Entry 3 Accountability Plan Progress Reports

Completed - Nov 1 2023

Instructions

SUNY-Authorized Charter Schools ONLY- Complete Template and Upload to Epicenter

SUNY-authorized charter schools must download an Accountability Plan Progress Report template at Accountability Plan Progress Report. After completing, SUNY-authorized charter schools must upload the document into the Annual Report Portal, **and** into the SUNY Epicenter document management system by September 15, 2023.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

2023-23 APPR - Brilla College Prep - Final

Filename: 2023-23_APPR_-_Brilla_College_Prep_-_Final.pdf Size: 544.2 kB

Entry 4 - Audited Financial Statements

Completed - Nov 1 2023

Required of ALL Charter Schools

ALL SUNY-authorized charter schools must upload the financial statements and related documents in PDF format into the <u>Annual Report Portal</u> and into the SUNY Epicenter document management system no later than **November 1, 2023. SUNY-authorized charter schools** are asked to ensure that security features such as password protection are turned off.

ALL Regents, NYCDOE, and Buffalo BOE-authorized charter schools must upload final, audited financial statements to the <u>Annual Report Portal</u> no later than **November 1, 2023**. Upload the independent auditor's report, any advisory and/or management letter, and the internal controls report as one submission, combined into a PDF file, ensuring that security features such as password protections are removed from all school uploaded documents.

PLEASE NOTE: This task appears as visible and optional task in the online portal until August 1 2023 but will be identified as a required task thereafter and due on November 1, 2023. This is a required task, and it is marked optional for administrative purposes only.

BRILLA COLLEGE PREPARATORY CHARTER SCHOOLS - 06

Filename: BRILLA COLLEGE PREPARATORY CHARTER Ef1Kn2L.pdf Size: 428.8 kB

Entry 4a – Audited Financial Report Template (SUNY)

Completed - Nov 1 2023

Instructions - SUNY-Authorized Charter Schools ONLY

SUNY-authorized schools must download the Excel spreadsheet entitled "Audited Financial Statement Template" at http://www.newyorkcharters.org/fiscal/. After completing, schools must upload the document into the Annual Report Portal and into the SUNY Epicenter document management system no later than **November 1, 2023.**

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

2022-23-Audited-Financial-Statement-BCP

Filename: 2022-23-Audited-Financial-Statement-BCP.xlsx Size: 175.2 kB

Entry 5 - Fiscal Year 2023-2024 Budget

Completed - Nov 1 2023

<u>SUNY-authorized charter schools</u> should download the <u>2023-2024 Budget and Quarterly Report Template and the 2023-2024 Budget Narrative Questionnaire</u> from the SUNY website and upload the completed templates into the Annual Report Portal and into the Epicenter document management system. **Due November 1, 2023**.

<u>Regents, NYCDOE, and Buffalo BOE authorized charter schools</u> should upload a copy of the school's FY22 Budget using the <u>2023-2024 Budget Template</u> into the Annual Report Portal or from the Annual Report website. **Due November 1, 2023**.

The Assumptions column should be completed for all revenue and expense items unless the item is self-explanatory. Where applicable, reference the page number or section in the application narrative that indicates the assumption being made. For instance, student enrollment would reference the applicable page number in Section I, C of the application narrative.

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Filename: 2023-24_BCP_Budget-and-Quarterly-_JNG5baC.xlsx Size: 632.3 kB

Entry 6 – Board of Trustees Disclosure of Financial Interest Form

Completed - Aug 1 2023

Required of ALL Charter Schools

Each member of the charter school's Board of Trustees who served on a charter school education corporation governing one or more charter schools for any period during the 2022-2023 school year must complete and sign a Trustee Disclosure of Financial Interest Form is due on August 1, 2023. Acceptable signature formats include:

- Digitally certified PDF signature (i.e., DocuSign)
- Manual signature (1. download to print, 2. manually sign, 3. scan signed document to PDF, and 4. upload into portal)

All completed forms must be collected and uploaded in .PDF format for each individual member. The education corporation is responsible for ensuring that each member who served on the board during the 2022-2023 school year completes the form.

Charter schools **must** submit the latest version of the form. Forms completed from past years will not be accepted.

Trustees serving on an education corporation that governs more than one school are not required to complete a separate disclosure for each school governed by the education corporation. In the Trustee Disclosure of Financial Interest Form, trustees must disclose information relevant to any of the schools served by the governing education corporation.

Executed Financial Disclosure

Filename: Executed_Financial_Disclosure_sNKEbZP.pdf Size: 940.2 kB

Entry 7 BOT Membership Table

Completed - Aug 1 2023

Instructions

Required of ALL charter schools

ALL charter schools or education corporations governing multiple schools must complete the Board of Trustees Membership Table within the online portal. Please be sure to include and identify parents who are members of the Board of Trustees and indicate whether parents are voting or non-voting members.

Entry 7 BOT Table

2	REGENTS, NYCDOE, and BUFFALO BOE-AUTHORIZED charter schools are required to provide information	n

Entry 9 Enrollment & Retention
Completed - Aug 1 2023

Instructions for submitting Enrollment and Retention Efforts Required of ALL Charter Schools

Describe the good faith efforts the charter school has made in 2022-2023 toward meeting targets to attract and retain the enrollment of Students with Disabilities (SWDs), English Language Learners (ELLs), and students who are economically disadvantaged. In addition, describe the school's plans for meeting or making progress toward meeting its enrollment and retention targets in 2023-2024.

*SUNY-authorized charter schools

The education corporation must include a plan for the charter to meet or exceed enrollment and retention targets established by the SUNY Trustees for students with disabilities, ELLs, and students who are eligible to participate in the FRPL program. See the <u>enrollment and retention target calculator</u> to find specific targets.

Entry 9 Enrollment and Retention of Special Populations

	Describe Recruitment Efforts in 2022-2023	Describe Recruitment Plans in 2023- 2024
Economically Disadvantaged	Brilla Schools are located in the Mott Haven neighborhood of the South Bronx and the University Heights section of the Bronx. Mott Haven and Univeristy Heights are high-density neighborhoods and predominantly Latino. Over half the population lives below the poverty line and receives public assistance. As such, for 2022-23, Brilla's goal was to attract students who qualify for Free & Reduced Lunch. Brilla recruits students and families generally through grassroots efforts with a specific focus on the Mott Haven and University Heights neighborhoods. However, this year we invested in initiatives allowing us to reach our families through various methods, including outdoor tablings, via Zoom, and over the phone. We used QR codes in our collateral to avoid cross-contamination and emailed our application and information to all our community partners. Brilla partnered with local UPK programs, Community programs such as Little Angels Day Care Center, Marshall England Learning Center, Stars of Tomorrow, and Sunshine Day Care open houses. Additionally, we held information sessions mornings and evenings to assist families with understanding how to complete an application. As a result, 90% of our students are free and reduced. Students with Disabilities

In addition to partnering with the community and day care centers Brilla also aggressively targeted potential families by partnering with daycares in the Mott Haven and University Heights area to deliver high quality virtual information sessions. Brilla's SETSS teacher and Special Education Coordinator were included in sessions to be able to answer questions regarding special education. They also held their own virtual student services orientation. This process ensures families of our capacity to serve their students' needs. We're estimating Students with disabilities enrollment at 22% next year. Brilla added resources to its Student Services team to further identify needs of students with disabilities from K-8.

Entry 10 – Teacher and Administrator Attrition

Completed - Aug 1 2023

Form for "Entry 10 – Teacher and Administrator Attrition" Revised to Employee Fingerprint Requirements Attestation

A. TEACH System - Employee Clearance

Required of ALL Charter Schools

Charter schools must ensure that all prospective employees[1] receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. This includes paraprofessionals and other school personnel who are provided or assigned by the district of location, or related/contracted service providers. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

In the Annual Report, charter schools are asked to confirm that all employees have been cleared through the NYSED TEACH system; and, if denied clearance, confirm that the individual or employee has been removed from the TEACH system, and is <u>not</u> employed by the school.

1. Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at NYSED CSO Employee Clearance and Fingerprint Memo 10-2019.

[1] Employees who must be cleared include, but are not limited to, teachers, administrative staff, janitors, security personnel and cafeteria workers, and other staff who are present when children are in the school building. This includes paraprofessionals and other school personnel that are provided or assigned by the district of location, as well as related/contracted service providers. See NYSED memorandum dated October 1, 2019 at http://www.nysed.gov/common/nysed/files/programs/charter-schools/employeefingerprintoct19.pdf or visit the NYSED website at: http://www.highered.nysed.gov/tsei/ospra/fingerprintingcharts.html for more information regarding who must be fingerprinted. Also see, 8 NYCRR §87.2.

B. Emergency Conditional Clearances

Emergency Conditional Clearances

Charter schools are **strongly discouraged** from using the emergency conditional clearance provisions for prospective employees. This is because the school must request clearance through NYSED TEACH, and the school's emergency conditional clearance of the employee terminates <u>automatically</u> once the school receives notification from NYSED regarding the clearance request. Status notification is provided for all prospective employees through the NYSED TEACH portal within 48 hours after the clearance request is submitted. Therefore, at most, a school's emergency conditional clearance will be valid for only 48 hours after approval by the board.

Schools are not permitted to renew or in any way re-establish a prospective employee's emergency conditional clearance after status notification is sent by NYSED through the TEACH portal.

Schools are asked to attest that they have reviewed and understand these requirements. More information can be found in the memo at NYSED CSO Employee Clearance and Fingerprint Memo 10-2019.

Attestation

Responses Selected:

I hereby attest that the school has reviewed, understands, and will comply with these requirements.

Entry 13 School Calendar

Completed - Aug 1 2023

Instructions for submitting School Calendar

Required of ALL Charter Schools

If the charter school has a tentative calendar based on available information and guidance at the time, please submit with the August 1, 2023 submission. Charter schools must upload a final school calendar into the portal and may do so at any time but no later than **September 15, 2023**.

School calendars must meet the <u>minimum instructional requirements</u> as required of other public schools "... unless the school's charter requires more instructional time than is required under the regulations."

Board of Regents-authorized charter schools also are required to submit school calendars that clearly <u>indicate the start and end date of the instructional year AND</u> the number of instructional hours and/or instructional days for each <u>month (also used to align to schools with extended days/years referenced in their mission statements/key design elements), See an example of a calendar showing the requested information. Schools **must** use a calendar format <u>and ensure there is a monthly tally of instructional days.</u></u>

PLEASE NOTE: This is a required task, and it is marked optional for administrative purposes only.

Brilla College Prep Charter School

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

Submitted to the SUNY Charter Schools Institute on:

Oct. 30, 2023

By Brilla College Prep School

441 E. 148th Street, Bronx, NY 10454

(347) 273-8439

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

Michael Carbone (Chief Schools Officer), Margaret Rippe (Assistant Superintendent, Elementary Schools), Denise McCrummen (Brilla College Prep Elementary Principal), William Scott (Brilla College Prep Middle Principal) and David Morales (Senior Director of Data) prepared this 2022-23 Accountability Progress Report on behalf of the school's board of trustees:

	Board Position							
Trustee's Name	Office (e.g. chair, treasurer, secretary)	Committees (e.g. finance, executive)						
Glenny Coats								
Brother Brian Carty, FSC		Member of Academic Committee						
Eric J. Eckholdt	Chair							
Stephanie Saroki de Garcia		Chair of Academic Committee						
James Jones		Chair of Audit Committee, Member of Finance Committee						
Elena Sada		Member of Academic Committee						
Mary O'Grady								
Darla Romfo		Member of Academic Committee						
David Ingles		Secretary, Member of Finance Committee						

William Scott (BCPM) has served as the school leader since 2022. Denise McCrummen (BCPE) has served as the school leader since 2023.

SCHOOL OVERVIEW

Brilla Public Charter Schools are classically inspired schools with a mission to help students grow intellectually, socially and physically into young men and women of good character and spirit, and to be prepared for excellence in high school, college and beyond. The name "Brilla" means "shine" in Spanish, and speaks to the beacon of hope and opportunity we are working to build in the communities we serve.

The founding Brilla school opened its doors in the fall of 2013 in the Mott Haven neighborhood of the South Bronx in NYC's Community School District 7. Brilla College Prep Elementary, opened in Fall of 2011 with Kindergarten, with the intention to expand by one grade per year. In the 2022-2023 School year, the school served students in grades K-8. Our school population closely mirrors that of our surrounding community: in the 2022-23 school year, our student population was 73.8% Latino and 21.3% Black/African American; and 1% Asian; 93% of our students were economically disadvantaged; 24.1% received Special Education services and 20% were designated as English Language Learners.

We seek to educate students to lead lives of excellence, virtue and purpose. We do this by leveraging the best instructional practices of model charter schools — a longer school day and year, utilizing technology-based blended learning to deliver individualized instruction, intensively supporting and coaching teachers—and combining this with a robust character education program, centered around our core virtues of courage, justice, wisdom and self-control. Our approach is rooted in the following cornerstones:

- **High Expectations.** Because we believe in the inherent dignity and potential of every child, we have high expectations for our students' academic achievement and conduct that make no excuses based on their background or socio-economic status.
- Lead with Character. Good character makes for a meaningful life, produces lasting personal
 and social happiness and contributes to academic success. The development of the virtues
 of Courage, Justice, Wisdom, and Self-control in students is central to our educational
 mission.
- Results Matter. Brilla relentlessly focuses on high student performance on standardized
 tests and other objective measures because we hold ourselves accountable for preparing
 students personally and academically in ways that will enable them to succeed at the best
 high schools and colleges.
- **Choice & Commitment.** Students, their parents, faculty and staff of Brilla College Prep make a choice to participate in our unique and innovative program. Everyone must make and uphold a commitment to the school and to each other to put in the time and effort required to achieve success.
- More Time. There are no shortcuts. Only with an extended school day and year will students have the time to acquire the academic knowledge, skills and habits that will prepare them for success in college and in life.
- **Teach the Best Content.** All Brilla students learn math and science while also becoming familiar with the classics of Western Civilization, because of the way the traditional liberal arts convey truth, beauty, and goodness, and because students need the world's best

2022-23 ACCOUNTABILITY PLAN PROGRESS REPORT

content in order to become good citizens and be competitive globally.

Due to the immense challenges presented by the global pandemic, Brilla spent 2021-2022 enhancing counseling services, providing direct support to families in need, and prioritizing a re-thinking of in-person schooling best practices for the vast majority of the school year. Students returning full-time to the classroom for the first time needed additional support to ensure a healthy and successful return to learning. This coupled with the transition to revised state testing standards provided a unique challenge. We instituted a robust targeted literacy intervention and began a revision to our literacy curriculum K-8 while piloting a new math pedagogy to ensure strong factual knowledge in the younger grades. Further, this year we are revising our middle school humanities curriculum to better support our aggressive literacy goals for students.

Some key supports we expanded this year were implementing a high dosage tutoring program to serve our scholars who are most in need. This program was executed in Intervention Block and utilized Fundations (Wilson/Orton Gillingham) programming to enhance reading capabilities for young people. This year, we will add Math tutoring alongside this programming to continue supporting students. Other supports to learning that we added this year were in-house speech and language pathologists to best serve our young people in need of this service, personalized professional development workshop opportunities for staff (and an enhanced and honed onboarding experience for this upcoming summer), and learning walks for leadership and junior leadership to support learning across the network.

Brilla College Prep successfully welcomed all K-8 students to school in the fall of 2022 in a safe and personalized way.

Addressing students' unfinished learning in literacy was a top priority for the school. Students in all grades received daily literacy instruction through the Targeted Literacy Block, which included small group guided reading focused on a specific goal, daily phonics practice through word work, and the use of our blended learning program which included Amplify's Boost reading program. While daily literacy blocks targeted grade level standards and curriculum, our intervention block allowed for more differentiation and personalization in order to meet students at their instructional level. In all grades, we rolled out a new Brilla Math Curriculum, grounded in Eureka Math, with elements of classical content and Context for Learning and a visual mathematics program based in Illustrative Mathematics and Math Jar. This implementation will be deepened this year through an external partnership. In its pilot year we were successful in articulating our vision for math and providing a curriculum aligned to that vision, teachers are emergently internalizing and utilizing the new curricula. Similar to literacy, we partnered with the Lavinia Group for additional instructional coaching and support to math leadership and instruction. Similar to our approach in literacy, we will be adopting a targeted math block structure this coming year to ensure a more personalized and aggressive approach to mathematics foundational knowledge and fluency. We are enthusiastic that the curricular amendments coupled with clear, practical training, both in house and through our external partners, will yield rapid growth for students in 23-24.

GOAL 1: ENGLISH LANGUAGE ARTS

Brilla students will possess reading and writing skills at or above grade level.

BACKGROUND

Brilla believes that effective, high quality English Language Arts instruction does not solely rely on the assumption and discernment of interconnected skills, but believes that the skills instruction must be embedded within engaging, complex content. Knowledge is essential to our literacy approach. At Brilla the utilization of the New York Next Generation State Standards for Language Arts serves as the foundation for our English Language Arts programming which is then thoughtfully combined with the powerful content of the Core Knowledge curriculum (K-4) and Wit and Wisdom curriculum (5-8). In order to ensure that students are learning a variety of literacy skills – oracy, language use, literary analysis, nonfiction analysis, foundational skills, and writing – Brilla has aligned the curriculum to ensure consistency and an opportunity for deeper engagement within content. Through this explicit work done over the course of the past three years, Brilla has aligned domains of standards and content that allow students authentic interaction and opportunities to represent mastery in multiple ways while also ensuring their preparedness for the state assessments. To ensure our vision of literacy comes to life, this year we are partnering with myEducationist to assess the full efficacy of our literacy curriculum K-8.

Core Knowledge and Wit and Wisdom both align with the classical inspiration of the Brilla model – allowing students to interact and learn from both a historical and contemporary perspective grounded in complex texts and topics. Further, both of these curricula form a spiraling foundation of knowledge and literacy skills that is consistently built upon over the course of a Brilla student's career. This spiraled approach ensures that students enter each new year with the requisite knowledge and skills to immediately interact with more complex tasks and content. Since June 2021, Brilla's Senior Director of Curriculum and Assessment and Brilla's Manager of Curriculum and Instruction worked with both select in-house curriculum writers and also external consultants to ensure deeper alignment between Reading, Writing, Science & Social Studies and the Arts. These revisions allow students to engage in content and skill building with depth and focus, while exposing them to a variety of genres about a similar topic. This coherence was further improved with the revision and addition of curricular unit plans – critical documents that allow teachers to unpack the purpose, skills, standards, and criteria for mastery of content – in order to improve their instruction and student outcomes. Along with these unit plans, teachers continued to engage in a unit unpacking protocol to ensure deep understanding and mastery by teachers before implementation with students. With a more sequenced and content-heavy curriculum, teachers also engage in regular lesson studies to deepen specific understandings of content and pedagogy each week. After a review of feedback from our staff, these protocols have been revised to include more targeted

skill-building for teachers on differentiation strategies and deepening understanding of the rigor within the next Generation Standards.

Moreover, one of the strongest programmatic components of the Core Knowledge materials is its holistic, scientifically-grounded Foundational Skills curriculum and materials. As Brilla is grounded in the classical tradition, a tradition which is deeply vested in the intense literary abilities across history, the foundation of the K-2 literacy program is exceptionally important. The Core Knowledge Skills curriculum provides students an opportunity to practice and demonstrate mastery of critical standards while still interacting with comprehensive content. Explicit phonics instruction was similarly reinforced K-8 with the Foundations Program (K-2) and Wilson's Reading Program (3-8) during the intervention block.

At Brilla the development of a high-impact literacy program is essential to our model. Brilla's literacy program has several components – Read Aloud, Writing, Nonfiction Studies (Science and Social Studies), Humanities (Middle School), Close Reading, Phonics & Skills, and Targeted Literacy.

- Read Aloud: During Read Aloud, scholars practice active listening, build their understanding of how language works, and appreciate the beauty of an author's craft. Specifically, they build a rich vocabulary and broad knowledge of history and science topics by being exposed to carefully selected, sequenced, and coherent read aloud texts. Read Aloud lessons allow teachers to model fluent reading, anchored in a skills-based objective. Scholars end each lesson with an analysis and discussion of the texts through discourse and reflection.
- Nonfiction Studies (Science and Social Studies): During nonfiction studies, students deepen their understanding of the history and science introduced during Read Aloud through experiential learning opportunities, projects, and planned Socratic Dialogue. In some instances students also engage with additional texts, such as nonfiction articles, in order to improve their depth of interaction with literary analysis and content knowledge.
- Humanities: In the middle school, scholars participate in a literacy-focused history curriculum that aligns with the middle school Wit & Wisdom language arts curriculum to reinforce key reading and writing strategies and honor our approach to a knowledge-rich experience.
- Writing: During the writing block, scholars study how authors of rich mentor texts use voice, organization, ideas, conventions, word choice, and sentence variety to convey meaning.
 Scholars apply these techniques to craft and publish original writing pieces, including, opinion, informational, and narrative. Teachers group scholars by need and determine individual goals to focus on with each scholar. Goals are determined based on need in the above six traits of writing.
- Targeted Literacy: The essential building blocks of reading include both explicit teaching of strategies and authentic opportunities to practice the strategies. As part of Brilla's goal to guarantee 90% of students are reading on grade level by the end of second grade, Brilla worked with the Lavinia Group, a respected early literacy third party to help design a literacy block that includes Guided Reading, Independent Reading, and Literacy Circles differentiated across grade levels. During Targeted Literacy students read independently practicing the reading behaviors specifically aligned to their needs and practiced with coaching during Guided Reading lessons. Students interact with both pre-selected, high-engagement texts during Guided Reading and build a love of reading by choosing high interest texts on their independent reading level. Libraries consist of classically aligned, content rich, and culturally

relevant fiction and non-fiction leveled texts. Students are homogeneously grouped (groups no larger than eight) depending on a triangulation of STEP achievement data, NWEA MAP data and individual conferencing data during Targeted Literacy. This small grouping allows students to grow at faster rates than traditional reading programs. Throughout the year, scholars build reading stamina and work to accomplish individual reading goals, set collaboratively with the teacher based on analysis of achievement data and ongoing progress monitoring. Teachers coach students to achieve their goals during one-on-one conferring sessions anchored in their comprehension, accuracy, or fluency.

- Close Reading: During Close Reading, scholars read and analyze a myriad of engaging
 poems, informational and narrative texts both independently and with the support of their
 teacher. Scholars develop a deep understanding of genre and use knowledge to make
 meaning of what the text says explicitly and to make logical inferences grounded in
 evidence. Teachers facilitate discourse around the central ideas or themes of a text and
 analyze the author's use of specific craft and structure moves and how they support the
 main idea.
- Phonics & Skills: During Literacy Skills, scholars develop the phonics, grammar, and penmanship skills needed to make and convey meaning across all disciplines. Scholars learn through repetition, memorization, and phonetic and grammatical analysis of the English language. Literacy Skills is a part of Brilla's literacy program in grades K-2. By 3rd and 4th grade, the grade majority no longer needs direct instruction in this area, as they are reading to learn, rather than learning to read. Instead, 3rd and 4th graders receive additional intervention and independent reading with conferring to ensure students have the necessary foundational elements for successful reading.
- Blended Learning: Scholars receive adaptive, individualized instruction from our blended program for at least 20 minutes per day. In grades K-8, students participate in Boost Reading (formerly Amplify Reading), an online reading program that delivers the skills practice and support they need to become proficient readers.

The Targeted Literacy Block continues to be an innovative approach to strategic reading development for the 2022-2023 school year. Targeted Literacy allows teachers to become experts of specific reading levels and focus on strategies and differentiated techniques to grow students. Students will transition across classrooms depending on their reading level to receive this specialized instruction through Guided Reading small groups, Independent Reading with conferring, and Literacy Circles with facilitated discussion. This block was designed to simultaneously support Brilla's large MLL and SPED population as well as students above grade level expectations in developmentally-appropriate small groups.

In response to the needs presented by students following remote learning, Brilla introduced a daily intervention block for students. In Kindergarten - 2nd grade, this instruction was done through Wilson's Fundations program. This program, aligned with Science of Reading research and literacy best practices, is personalized and was implemented in small group instruction. In upper grades, Targeted Literacy Blocks leverage Lexile resources and externally provided lesson plans.

Brilla uses a combination of summative and formative assessments to measure efficacy of both the curricula used, and teachers' instructional practices. These assessments include network-developed assessment instruments, and standardized assessments, including the Northwest Evaluation

Association (NWEA) Measures of Academic Progress (MAP). MAP uses computer-based adaptive assessments to evaluate individual students' proficiency levels. Students' scores are generated immediately, and full performance data with detailed information about specific concepts is available within 24 hours. At the end of each trimester, all students take a Mock Exam to evaluate their mastery of the standards taught throughout the marking period. This data is used to inform future instruction, including the identification of students for remediation or enrichment services, and to measure any instructional discrepancies.

In addition to summative assessments, a variety of formative assessments occur with greater frequency to inform instruction day-to-day. These assessments and means of data collection include:

- Daily questioning during instruction to gauge student thinking and understanding
- Standards-based rubrics to evaluate students during writing assignments or projects
- Computer based assessments from blended learning programs. This data provides snapshots
 of student achievement that teachers can use weekly to inform instruction, partners for
 peer work, and groupings
- Reading comprehension / running records to assess scholars' reading skills
- Monthly (K-4) and unit (5-8) assessments include a variety of question types (multiple choice, open response, etc.) to specifically assess standards mastery covered in the week/unit

The instructional program of Brilla Schools is facilitated by the academic leadership team, which consists of the Chief Schools Officer, Assistant Superintendents, Senior Directors of Curriculum & Assessment and Instruction, and central schools team members alongside School Principals, Assistant Principals and Instructional Coaches. Professional development is facilitated through an ongoing cycle of clarifying roles and responsibilities, setting clear expectations and goals, coaching and monitoring, and evaluating. This cycle is primarily operationalized through bi-weekly, formal observations followed by one-on-one meetings to set related goals, and action steps to develop teacher practice as well as ongoing "live coaching" which occurs on at least a weekly basis. Additional professional development is provided through a variety of platforms:

- Regular professional development workshops centered around: data and assessment, school culture, curriculum, instructional practice, etc.
- Collaborative planning and lesson/unit studies in which a group of grade-level teachers meet to unpack and internalize lessons and units before implementation in order to norm criteria for success and high-impact instruction
- External trainings facilitated by industry experts, including a continued partnership with Lavinia Group trainers
- High level walk-throughs and learning walks facilitated by top level leadership, to gauge the overall quality of the instructional program; including instructional priority alignment

To support teachers with executing literacy lessons our campus Instructional Leadership Teams facilitated bi-weekly team development meetings that provided grade teams the opportunity to come together to look at data and student work in order to make instructional adjustments. The effectiveness of these meetings was evident in the progress scholars made each round they took the STEP assessment. Teachers were responsible for planning lessons for a specific STEP level or range. This allowed for further personalization of student learning. To ensure all scholars could receive

2022-23 Accountability plan progress report

comprehensive literacy instruction our network is blending Read Aloud and Nonfiction Studies in elementary school and reallocating those instructional minutes to the targeted literacy block.

During the 2022-2023 school year teachers were provided a wide variety of literacy resources to support differentiated student ability. This included a bank of new texts for each grade level in classroom libraries, a streamlined approach to blended learning programs, and external training from University of Chicago STEP and Lavinia Group.

ELEMENTARY AND MIDDLE ELA

ELA Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State English language arts examination for grades 3-8.

The tables below summarize the participation information for this year's test administration as well as the performance of all students and students enrolled for at least two years.

2022-23 State English Language Arts Exam Number of Students Tested and Not Tested

			Not Tested						
Grade	Total Tested	Absent	Refusa 1	ELL/I EP	Admin error	Medicall y excused	Other reason	Total Enrolled	
3	77	0	1	0	0	0	5	6	
4	77	0	3	0	0	0	2	5	
5	76	0	0	0	0	0	0	0	
6	74	0	2	0	0	0	0	2	
7	51	0	0	0	0	0	31	31	
8	85	0	0	0	0	0	0	0	
All	440	0	6	0	0	0	38	44	

Performance on 2022-23 State English Language Arts Exam By All Students and Students Enrolled in At Least Their Second Year¹

Crada		All Students		Enrolled in at least their Second Year			
Grade	Number Tested	Number Proficient	Percent Proficient	Number Tested	Number Proficient	Percent Proficient	
3	77	16	21%	64	14	22%	
4	77	34	44%	68	28	41%	
5	76	26	34%	66	24	36%	
6	74	32	43%	59	28	47%	

¹ Students are considered "enrolled in at least their second year" if they were enrolled on BEDS day of the school year prior to the most recent exam administration.

7	51	35	69%	41	32	78%
8	85	64	75%	76	59	78%
All	440	207	47%	374	185	49%

ELA Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the State English language arts exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

ELA Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.²

2022-23 State English Language Arts Exam
Charter School and District Performance by Grade Level

	Percent of Students at or Above Proficiency						
Grade		ool Students st 2 nd Year	All District Students				
	Percent Number Proficient Tested		Percent Proficient	Number Tested			
3	22%	64	30%	758			
4	41%	68	29%	844			
5	36%	66	27%	935			
6	47%	59	28%	803			
7	78%	41	32%	864			
8	78%	76	44%	936			
All	49%	374	32%	5140			

² Schools can access these data when the NYSED releases its database containing grade level ELA and mathematics results for all schools and districts statewide. The NYSED announces the releases of these data <u>here</u>.

ELA Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2022-23 analysis is not yet available. This report contains 2021-22 results.³

2021-22 English Language Arts Comparative Performance by Grade Level

Grade	Percent Feonomically	Percent of Levels		
Grade	Economically Disadvantaged	Actual	Predicted	Effect Size
3	93.3	31.7	31.1	0.03
4	94.4	38.4	25.5	0.78
5	91.6	45.7	23.6	1.43
6	85.9	74.7	46.3	1.69
7	90.7	56.5	36.3	1.21
8	90.0	68.8	39.9	1.68
All	91.0	52.5	33.8	1.13

ELA Measure 5 - Growth

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

Given the timing of the state's release of Growth Model data, the 2022-23 analysis is not yet available. As such, schools are not required to report on this measure for 2022-23. The Institute will calculate and report out results to schools pending availability of the data.

³ These data can be found in the school's Accountability Summary provided by the Institute in spring 2023.

⁴ Typically, the Institute uses schools' mean scale scores (when available) to calculate the comparative performance analysis. Due to the late availability of the 2021-22 mean scale scores, the Institute formally reported out the analysis using proficiency rates. The Institute will retroactively send schools the 2021-22 comparative performance analysis using mean scale scores in fall 2023.

ELA INTERNAL **E**XAM **R**ESULTS

During the 2022-2023 school year, Brilla utilized the NWEA Measures of Academic Progress (MAP) for all students in reading. The assessment was given three times over the course of the year, in the fall, winter, and spring. MAP Growth reveals how much growth has occurred between testing events and, when combined with NWEA norms, shows projected proficiency. Educators can track growth through the school year and over multiple years. Every question on a MAP Growth assessment is calibrated to a proprietary RIT scale, which is one of the most reliable in the industry. Because the equal-interval scale is continuous across grades, educators can trust it to track longitudinal growth over a student's entire career. NWEA uses anonymous assessment data from over 10.2 million students to create national norms. Educators can compare their students' performance against norms to evaluate programs and improve instruction—in individual classrooms and throughout school systems. The assessment was given via computer to both in-person and fully remote students.

During the 2022-2023 school year, Brilla administered the fall, winter, and spring NWEA Measures of Academic Progress (MAP) assessment to all grade levels. Brilla is reporting on the spring results for students performing over the 50th percentile. While the 50th percentile is considered by national reference standards to be on grade level, Brilla, based on triangulation and correlative data, believes that students over the 65th percentile are most likely to be college and career ready by the time they exit the program.

During 2022-23, in addition to the New York State 3rd – 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in ELA: NWEA Measures of Academic Progress.

SUMMARY OF THE ELA GOAL

While Brilla College Prep performed well against its predicted level of performance, comparative data has not been made available by the state at this time. Unfortunately, Brilla College Prep is not meeting its absolute measure of 75% proficiency for all tested students in their second year. Further, Brilla College Prep failed to meet its NWEA goals as outlined below.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State English language arts exam for grades 3-8.	No
Absolute	Each year, the school's aggregate PI on the state's English language arts exam will meet that year's state MIP as set forth in the state's ESSA accountability system.	N/A
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state English language arts exam will be greater than that of students in the same tested grades in the school district of comparison.	N/A
Comparative	Each year, the school will exceed its predicted level of performance on the state English language arts exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.	Yes

Growth Each year, under the state's Growth Model the school's mean unadjusted growth percentile in English language arts for all tested students in grades 4-8 will be above the target of 50.

2022-23 NWEA MAP [ELA] Assessment End of Year Results							
Measure	Subgroup	Target	Tested	Results	Met?		
Measure 1: Each year, the school's median growth percentile of all 3 rd through 8 th grade students will be greater than 50. Student growth is the difference between the beginning of year score and the end of year score.	All students	50	[437]	[43]	[No]		
Measure 2: Each year, the school's median growth percentile of all 3 rd through 8 th grade students whose achievement did not meet or exceed the RIT score proficiency equivalent in the fall will meet or exceed 55 in the spring administration.	Low initial achievers	55	[287]	[42]	[No]		
Measure 3: Each year, the median growth percentile of 3 rd through 8 th grade students with disabilities at the school will be equal to or greater than the median growth of 3 rd through 8 th grade general education students at the school.	Students with disabilities ⁵	[43]6	[106]	[38]	[No]		
Measure 4: Each year, 75% of 3 rd through 8 th grade students enrolled in at least their second year at the school will meet or exceed the RIT score proficiency equivalent according to the most recent linking study comparing NWEA Growth to New York State standards. ⁷	2+ students	75%	[422]	[39%]	[No]		

All Students Enrolled in at least their Second Year		End of Year Performance on 2022-23 NWEA MAP [ELA] Assessment By All Students and Students Enrolled in At Least Their Second Year			
	Crados	All Students			

⁵ Schools may elect to report the aggregated data for a different subpopulation of students if the total tested number of students with disabilities is 5 or fewer, or if the school's mission aligns to serving a different specific subpopulation. For schools that choose a different subpopulation (e.g. English language learners, students experiencing housing insecurity, etc.), please explain the rationale in the narrative section

⁶ Target should reflect the median growth percentile for all general education students. In the case that the school elects to measure the achievement of a different subpopulation, the target should reflect the median growth percentile of all students at the school not included in that subpopulation.

EVALUATION OF ELA GOAL

RESULTS AND EVALUATION

Overall, 47% of Brilla College Prep Students were proficient on the ELA State Exam. Students in seventh and eighth grades performed strongest with 67% proficiency and 75% proficiency respectively. Brilla College Prep met one of the three goal measures on the state exam. The school exceeded the predicted level of performance for students by an effect size greater than 0.3. The overall effect size of the predicted level of performance for Brilla College Prep was 1.13, significantly higher than the goal measure. This indicates that Brilla students are performing at a meaningfully higher rate than predicted, when controlling for economic disadvantage.

The school did not meet the goal of 75% of students enrolled in the second year scoring proficient. Overall, 49% of all Brilla College Prep students enrolled for two or more years were proficient on the ELA state exam. This number varied from 22% in third grade to 78% in seventh and eighth grades. Seventh and eighth grade students did surpass the benchmark of 75% proficiency. The underperformance in elementary schools is indicative of the foundational reading gaps resulting from interruptions to early literacy instruction due to COVID school closures and hybrid learning.

⁸ Proficient is defined as scoring at or above the grade-level RIT score cut score according to the most recently available linking study found here. Refer to pages 15-16, tables 3.5 and 3.6.

Brilla College Prep Middle School is in pursuit of rectifying the scores with the state for the seventh graders listed as non-tested.

Additional Context and Evidence

According to the Brilla Schools' Network ELA Goal, we did not meet our target goal of at least seventy percent of students achieving at the 50th percentile or above. Our overall percentage of students performing at or above grade level on NWEA was 34%. This number ranged from 21% of third and fifth grade students, to 48% of eighth grade students. In non-testing grades (K-2), 37%, 34% and 41% of students achieved the 50th percentile or above on the Spring NWEA assessment. Kindergarten saw a 4% increase in the number of students performing above grade level from the Fall to Spring assessments. The median growth percentile of grades 3-5 fell below Brilla's target to 50. This continues to highlight the lingering gaps in students' foundational reading skills from the pandemic and hybrid learning. It is especially pronounced in these grades given the age these students were when they transitioned to remote learning. In grades 6 and 7, students were on target for the median growth percentile, suggesting that they are growing at an appropriate rate. 8th grade fell just below Brilla's target at the 48th percentile.

On the University of Chicago STEP reading assessment, 28% of students ended the year on grade level in reading, an increase of 16% from the fall. While this indicates the vast majority of students are below grade level in reading, Kindergarten did achieve 85% of students on grade level in STEP reading on the Spring Benchmark assessment. Additionally, the data reveals considerable gaps in students' understanding of foundational reading skills, especially phonics. Moving into the current school year, the school has prioritized targeted literacy, with a focus on individualized instruction centered on student-specific goals, and further development for staff in the Science of Reading and phonics instruction. The school is focused on moving from incremental progress to accelerated progress to ensure that student proficiency is meaningfully improved by the end of this school year.

ELA ACTION PLAN

In summer of 2019, innovated around a differentiated, encompassing approach to literacy development in our younger grades (K-2) through Targeted Literacy. This block, conceived in partnership with the Lavinia Group, sought to ensure sustained growth and achievement in literacy development to prepare students for the rigor of our third and fourth grade curriculum. This program does not replace our Core Knowledge curriculum, but enhances and complements it through the inclusion of reading best practices and small group instruction utilizing a variety of junior classic texts. During the 2020-2022 school years, a series of teacher trainings and workshops was developed and implemented to ensure the high quality fidelity and high impact expectations of this block is realized. In the 2022-2023 school year, we were able to more robustly provide training and on-the-ground support from our Lavinia consultants to better respond to the challenges of navigating the new and urgent student needs that were presented after COVID. Consultants partnered with school leadership in walkthroughs and individualized support. In this 2023-2024 school year, we will be further expanding our focus on this content block of the day, introducing cross-grade groupings, hiring campus-based literacy coaches, and expanding our high dosage tutoring program. We have decided to expand this structure to all grade levels, K-8. Additionally, we've instituted a revised Learning Walk structure to continually support instructional best

practices. These visits coupled with these cross-grade groups will allow for more targeted instruction for students across the school.

In 2021-2022, in recognition of the expertise needed to improve and sustain a high performing school, we expanded our staff capacity to focus on continued improvement of our ELA program by adding a Senior Director of Instruction, a Senior Director of Curriculum & Assessment, and a Director of Academic Interventions. (Further, in 2019-2020 the instructional leadership team conducted a Learning Walk Protocol, modeled after Instructional Rounds, to develop a deeper approach to the collection and analysis of instructional moves based on differentiated data points, add coherence and structure to the professional development of school and grade level leaders, and provide ongoing content and instruction support around promising practices to all Brilla schools. While paused during remote and hybrid learning, these Learning Walks are now fully implemented and will provide centralized staff the opportunity to create responsive teacher and leader workshops to ensure fidelity and quality in implementation of the literacy program. As indicated above, Lavinia will join to further enhance these supports.) In the 2022-2023 school year, an Elementary Curriculum writer was added to support the revision of the K-2 literacy program along with an expanded partnership with MyEducationist consultants. Additionally, a Director of Elementary Student Services provided leadership capacity to our growing Student Services staff and a focus on the alignment and execution of academic interventions for students identified as requiring services and students transitioning in our intervention cycle.

In the 2023-2024 school year, a full restructure to the academics and schools team has occurred so that our Chief Schools Officer oversees both academics and school management functions to better align support and improve coherence between resources. The instruction team has added four instructional specialists and a Director of Strategic Initiatives role has been created to support literacy and humanities work within the Curriculum & Assessment team. Additionally, Brilla has identified programmatic weaknesses in the development of vocabulary for our Multi-Language Learners through multiple data sources. Given the large population of MLLs the school serves, and the success of our K-2 MLL program, we need to improve our upper elementary and middle school success for English Language Learners. By ensuring that all elementary schools and middle schools now have at least one MLL Specialist on their campus, our MLL students will be able to receive consistent, targeted intervention instruction. These team members will be supported by both our student services team and our new Director of Intervention. In summary, we have doubled the Student Services support team and we have added an intervention program and director of intervention.

Professional development of teachers continues to be a focus for the 23-24 school year. Across all grades, development will focus on execution practices of literacy instruction grounded in the science of reading. Standardized Unit and Lesson plans with expectations for completion have been normed through Staff Onboarding and then specific coaching around planning will take place on a bi-weekly basis. The planning will focus on teachers internalizing the Next Generation Standards and ensuring that the lessons are connected to the learning objectives. Teachers will also receive feedback on their questioning with a focus on higher order thinking to promote student discourse. Finally, teachers will also receive feedback on their level of student-led activities throughout units and lessons with a goal of students driving the instruction in literacy classrooms. Instructional feedback will also be given throughout a weekly basis, whenever possible, through live coaching for

immediate implementation. Teachers will be observed in lessons for which they were given lesson plan feedback. They will make adjustments to future lessons based on feedback and data they collect during instruction, as we will routinely, consistently monitor young people's progress. Consistent progress monitoring has been standardized to ensure student data collection in order to inform individual student goals, teacher goals, and an evaluation of learning.

Through professional development, systems and procedures, teachers and Brilla staff will develop a deep understanding of their curriculum and content. One way we aim to achieve this is through unit studies prior to the launch of a new unit along with intellectual prep protocols. Approximately two weeks before the beginning of a new unit, teachers will analyze the upcoming unit by looking at the standards addressed, identify a rigorous and engaging essential question, complete the end of unit assessment to understand what student mastery looks like, and break down the key content and knowledge goals of the unit. On a daily basis, teachers will complete lesson internalization guides, which aim to accomplish similar objectives as the unit study, on a more micro level. These lesson internalization guides will prompt teachers to think about the standards, objective, task/activity, and end of lesson assessment (exit ticket), ensuring that all four components are aligned. These guides will also prompt teachers to identify the most crucial questions that will promote student mastery to ask during the lesson, with scripted, exemplar responses. Through coaching and feedback from the principal, assistant principal, and/or academic content lead, these unit maps and lesson internalization guides are one way Brilla intends to promote and develop content knowledge.

Further, 2023-2024 will focus on weekly "Looking at Student Work" meetings. These meetings allow teachers to, on an interim basis, check for the quality of student work during the unit to determine corrections and increase opportunities for mastery demonstration and complexity in literacy. Finally, teachers engage trimesterly in a Beautiful Work Protocol where they examine work across grade levels to determine what work is exemplary and what work needs improvement. This normed vision of beautiful work will raise the quality of work expected and will help develop teachers' classical lens through a look at the transcendental beauty within what students create. With this deeper understanding of beauty, teachers will better be able to cultivate student understanding in their literacy class.

In the 2021-2022 school year, Brilla introduced a new intervention and tutoring program that allowed each student to receive corrective instruction to support young people's progress after learning loss incurred during the pandemic. For the 2023-2024 school year, a revised structure for intervention and high dosage tutoring is going to be utilized. Recognizing the challenges campuses were facing with training and monitoring the quality of the intervention program, a Director of Academic Intervention role was created to ensure that there was consistent oversight of the program. New systems, which are data-informed and clearly defined, will be implemented to allow for teachers to more flexibly and nimbly respond to student needs. Additionally, schools will be using Amplify's mClass for literacy intervention in grades K-4, an intervention program aligned to the Science of Reading to better support students' foundational skills. Building off the success of the Targeted Literacy Block, we will also implement Targeted Literacy during literacy four days per week. This will allow for students to get highly differentiated instruction on the reading fluency and comprehension skills they need to reach grade level proficiency in all elementary grades

Tutoring will resume at a greater scale with each school supporting at least 3 high dosage tutors for students who need more support. For all students, schedules for all grades have been made intentionally to ensure as many highly qualified adults as possible are available to teach small groups during the intervention block. All staff teaching intervention groups will collect data weekly, which will be analyzed about every six weeks at scheduled intervention planning meetings. At those meetings, staff will move students into different groups as needed based on the data. In addition, Students in K-3 will receive an extended skills block to work on language skills and foundational reading strategies - allowing students, especially language learners, and teachers to dive deeper into literacy at their level and cater to their needs. Schools also overhauled classroom libraries, introducing 1,000 new texts into each classroom to address literacy needs at a variety of levels and for a range of reading interests. These robust classroom libraries, which are leveled, should provide a wonderful resource to enhance literacy instruction and students' desire to be readers.

In 2022-2023, Brilla hired a cohort of part-time tutors at each campus to provide direct High Dosage Tutoring (HDT) services to small groups of students in literacy utilizing the Wilson Fundations model. This tutoring program was overseen by a former principal, Zoranlly Burgos, an early literacy expert. Students who scored in the 20-25th percentile on NWEA spring reading were placed in the HDT model. Midway through the year, Brilla proactively planned for an expansion of the HDT model. In 2023-2024, the revised structure, Brilla plans to have a minimum of three tutors per campus who are directly coached by the Tutoring Instructional Coach and the Director of Academic Intervention. This will allow for a greater number of students to receive the needed intervention services.

GOAL 2: MATHEMATICS

Brilla students will possess mathematics skills at or above grade level.

BACKGROUND

As with ELA, New York State has adopted the Next Generation State Standards. Brilla believes these Core Mathematics Standards build upon each other in a logical way that develops students' conceptual understanding of math. As such, the curriculum Brilla has chosen to use aligns to these standards.

Specifically, Brilla (K-4) uses Eureka Math, a Singapore-style curriculum from Great Minds (formerly EngageNY). Brilla has implemented a coherent mathematics program beginning in kindergarten by using Eureka math. The curriculum emphasizes incremental learning and extensive practice; major concepts are broken down into discrete components, put together over time, and then continuously reviewed and expanded upon. Students are exposed to abstract concepts, in a manner that breaks each down and makes them accessible. Each concept starts with a concrete, tangible representation, and then progresses to a pictorial representation, and finally moves to an abstract, numerical representation. In having scholars begin with concrete representations, teachers are able to develop deep, conceptual understanding in all students. In 2020-2021, Brilla contracted with an external expert to revise its K-2 math curriculum for the 2021-2022 school year and worked with the Lavinia Group to implement it. This revised curriculum includes a more holistic approach to

mathematics coupled with explicit skills and routines to develop numeracy fluency at an accelerated rate.

This decision was made when Brilla noticed the lagging of this foundational strand and because it aligns with our classically inspired approach. Additionally, Brilla also anticipated a potential "lag of traction" for these practices and a possible impact on overall math achievement as inquiry-based approaches to conceptual mathematics often takes time to establish the mathematical mindsets of students – as seen in other successful, conceptual-focused networks.

In the 2022-2023 school year, the Lavinia Group supported us in the implementation of a now K-4 revised math curriculum. Additionally, we incorporated Math Story Problems for even deeper conceptual understanding in K-2, and we have adopted Illustrative Math for grades 5-8 Math to enrich and deepen middle school math. The emphasis in middle school is for as many young people as possible to end with Algebra I, and we had another highly successful section this year of students who took and passed the Algebra Regents, and we seek to have two successful sections in the 2023-2024 year.

Eureka Math is a curriculum published by Great Minds, a nonprofit organization that seeks to ensure that all students receive a content-rich education, underscoring our commitment to a classically inspired experience and teaching the best content. The material upon which Eureka Math is based was originally created through a partnership with the New York State Education Department and differs from other programs in that, rather than being an update to existing material, it was designed specifically for the common core. In a 2022 Consumer Reports style review for instructional materials by the nonprofit EdReports.org, Eureka Math was reviewed and far surpassed all other curricula evaluated. Eureka Math presents mathematics in a logical progression from PK through Grade 12. This coherent approach allows teachers to know what incoming students already have learned and ensures that students are prepared for what comes next. By using Eureka Math in Elementary School, Brilla hopes to reduce gaps in student learning, instill persistence in problem solving, and prepare students to understand advanced math. Eureka Math goes beyond simply teaching students to know the process for solving a problem. Eureka maintains that students need to understand why that process works so they will have the ability to generalize their learning and apply it to problems across settings. Teaching mathematics as a story, Eureka Math builds students' knowledge logically and thoroughly to help them achieve deep understanding.

Though Eureka Math affords us a curriculum through Grade 12, we made the decision to pivot our middle school math curriculum to be anchored in Illustrative Math after a comprehensive yearlong curriculum revision and rewriting process with a team of external math curriculum experts. The new middle school math curriculum is designed to increase rigor, discourse, agency, and exploration for middle school students, while also increasing user-friendliness for our teachers. The transition pulls our curriculum more deeply into conceptual-based mathematics, and our middle school math priorities are now the continuous development of staff content knowledge and the high quality implementation of the curriculum. The new middle school math curriculum is also designed to shift a greater number of our eighth grade students into an Algebra One course within the next couple of years, and the curriculum aligns very closely with what our scholars will see at the high school level, particularly given the high percentage of competitive high schools ours scholars matriculate into.

Blended learning, as with ELA, is also a key component to mathematics instruction at Brilla. Scholars receive adaptive, individualized instruction from our suite of computerized blended learning time for at least 20 minutes per day. Students at Brilla use Zearn Math (K-4) and ALEKS (5-8). Both programs are adaptive and assignable programs that ensure each student receives targeted instruction, and were identified through a year of collaborative research and demos among multiple Brilla stakeholders.

For math assessment, Brilla uses a combination of summative and formative, standardized and teacher-developed assessment instruments, including the Northwest Evaluation Association (NWEA) Measures of Academic Progress (MAP). At the end of each trimester, all students take an Interim Assessment to evaluate them against the standards taught throughout the trimester. This data is used to inform future instruction, including the identification of students for remediation or enrichment services, and to measure any instructional discrepancies.

In addition to summative assessments, a variety of formative assessments occur with greater frequency to inform instruction day-to-day. These assessments and means of data collection include:

- Daily questioning during instruction to gauge student thinking and understanding
- Computer based assessments from blended learning programs. This data provides snapshots
 of student achievement that teachers can use weekly to inform instruction, partners for
 peer work, and groupings
- Unit assessments (5-8) graded using a rubric developed by Eureka Math
- Daily exit tickets that are reviewed and analyzed to inform instruction and form groups.

As with literacy, the mathematics instructional program of Brilla is facilitated by the schools leadership team, which consists of the Chief Schools Officer, Senior Director of Curriculum and Assessment, Senior Director of Instruction, the central Academics Team, and the School Principals, Assistant Principals and Content Leads (Instructional Coaches). Professional development is facilitated through an ongoing cycle of clarifying roles and responsibilities, setting clear expectations and goals, coaching and monitoring, and evaluating. This cycle is primarily operationalized through bi-weekly, formal observations followed by one-on-one meetings to set related goals, and action steps to develop teacher practice. Additional professional development is provided through a variety of platforms:

- Weekly professional development meetings centered around data and assessment, school culture, curriculum, instructional practice, etc.
- High level walk-throughs and learning walks facilitated by leadership and Lavinia Group
- Math-specific content team meetings by grade-level and across grade-level

ELEMENTARY AND MIDDLE MATHEMATICS

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State Mathematics examination for grades 3-8.

The tables below summarize the participation information for this year's test administration as well as the performance of all students and students enrolled for at least two years.

2022-23 State Mathematics Exa	m
Number of Students Tested and Not	Tested

			Not Tested						
Grade	Total Tested	Absent	Refusa 1	ELL/I EP	Admin error	Medicall y excused	Other reason	Took Regents	Total Enrolled

7	82	50	61%	66	44	67%
8	50	25	50%	42	20	48%
All	438	210	48%	367	184	50%

Math Measure 2 - Absolute

Each year, the school's aggregate Performance Index ("PI") on the state mathematics exam will meet that year's state Measure of Interim Progress ("MIP") set forth in the state's ESSA accountability system.

Schools are not required to report attainment of this measure for 2022-23. Subsequent to the completion of this document, the Institute may calculate and report out results to schools pending further information from the NYSED.

Math Measure 3 - Comparative

Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of all students in the same tested grades in the school district of comparison.

A school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the school had tested students in at least their second year at the school and the total result for all students at the corresponding grades in the school district.

2022-23 State Mathematics Exam
Charter School and District Performance by Grade Level

	Percent of Students at or Above Proficiency				
Grade		ool Students st 2 nd Year	All District Students		
	Percent	Number	Percent	Number	
	Proficient	Tested	Proficient	Tested	
3	49%	69	36%	791	
4	52%	69	29%	872	
5	45%	62	28%	948	
6	37%	59	29%	817	
7	67%	66	31%	872	
8	48%	42	30%	890	
All	50%	367	30%	5190	

Math Measure 4 - Comparative

Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.

The Institute conducts a Comparative Performance Analysis, which compares the school's performance to that of demographically similar public schools statewide. The Institute uses a regression analysis to control for the percentage of economically disadvantaged students among all public schools in New York State. The difference between the school's actual and predicted performance, relative to other schools with similar economically disadvantaged statistics, produces an Effect Size. An Effect Size of 0.3, or performing higher than expected to a meaningful degree, is the target for this measure. Given the timing of the state's release of economically disadvantaged data and the demands of the data analysis, the 2022-23 analysis is not yet available. This report contains 2021-22 results.

2021-22 Mathematics Comparative Performance by Grade Level

Grade	Percent Economically	Percent of Level		
Grade	Disadvantaged	Actual	Predicted	Effect Size
3	93.3	45.1	31.0	0.69
4	94.4	47.1	22.8	1.33
5	91.6	27.3	19.9	0.43
6	85.9	44.6	24.1	1.17
7	90.7	40.7	18.3	1.44
8	90.0	20.8	15.6	0.31
All	90.9	38.4	21.8	0.96

Math Measure 5 - Growth

Each year, under the state's Growth Model, the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.

Given the timing of the state's release of Growth Model data, the 2022-23 analysis is not yet available. As such, schools are not required to report on this measure for 2022-23. The Institute will calculate and report out results to schools pending availability of the data.

Mathematics Internal Exam Results

During the 2022-2023 school year, Brilla continued to utilize the NWEA Measures of Academic Progress (MAP) for all students in math. The assessment was given three times over the course of the year, in the fall, winter, and spring. MAP Growth reveals how much growth has occurred between testing events and, when combined with NWEA norms, shows projected proficiency. Educators can track growth through the school year and over multiple years. Every question on a MAP Growth assessment is calibrated to a proprietary RIT scale, which is one of the most reliable in the industry. Because the equal-interval scale is continuous across grades, educators can trust it to track longitudinal growth over a student's entire career. NWEA uses anonymous assessment data from over 10.2 million students to create national norms. Educators can compare their students' performance against norms to evaluate programs and improve instruction—in individual classrooms and throughout school systems. The assessment was given via computer to both in-person and fully remote students.

During the 2022-2023 school year, Brilla administered the fall, winter, and spring NWEA Measures of Academic Progress (MAP) assessment to all grade levels. Brilla is reporting on the spring results for students performing over the 50th percentile. While the 50th percentile is considered by national reference standards to be on grade level, Brilla, based on triangulation and correlative data, believes that students over the 65th percentile are most likely to be college and career ready by the time they exit the program.

During 2022-23, in addition to the New York State 3rd – 8th grade exams, the school primarily used the following assessment to measure student growth and achievement in mathematics: NWEA.

SUMMARY OF THE MATHEMATICS GOAL

While Brilla College Prep performed well against its predicted level of performance, comparative data has not been made available by the state at this time. Unfortunately, Brilla College Prep is not meeting its absolute measure of 75% proficiency for all tested students in their second year. Further, Brilla College Prep failed to meet its NWEA goals as outlined below. However, 91% of 8th graders who took the Algebra I Regents exam passed.

Type	Measure	Outcome
Absolute	Each year, 75 percent of all tested students who are enrolled in at least their second year will perform at proficiency on the New York State Mathematics exam for grades 3-8.	No
Absolute	Each year, the school's aggregate PI on the state's mathematics exam will meet that year's state MIP as set forth in the state's ESSA accountability system.	N/A
Comparative	Each year, the percent of all tested students who are enrolled in at least their second year and performing at proficiency on the state mathematics exam will be greater than that of students in the same tested grades in the school district of comparison.	N/A
Comparative	Each year, the school will exceed its predicted level of performance on the state mathematics exam by an effect size of 0.3 or above (performing higher than expected to a meaningful degree) according to a regression analysis controlling for economically disadvantaged students among all public schools in New York State.	Yes
Growth	Each year, under the state's Growth Model the school's mean unadjusted growth percentile in mathematics for all tested students in grades 4-8 will be above the target of 50.	N/A

2022-23 NWEA MAP [Mathematics] Assessment End of Year Results						
Measure	Subgroup	Target	Tested	Results	Met?	
Measure 1: Each year, the school's median growth percentile of all 3 rd through 8 th grade students will be greater than 50. Student growth is the difference between the beginning of year score and the end of year score.	All students	50	[430]	[49]	[No]	
Measure 2: Each year, the school's median growth percentile of all 3 rd through 8 th gradestudents whose achievement did not meet or exceed the RIT score proficiency equivalent in the fall will meet or exceed 55 in the spring administration.	Low initial achievers	55	[300]	[49]	[No]	

Measure 3: Each year, the median growth percentile of 3 rd through 8 th grade students with disabilities at the school will be equal to or greater than the median growth of 3 rd through 8 th grade general education students at the school.	Students with disabilities ⁹	[49] ¹⁰	[112]	[47]	[No]
Measure 4: Each year, 75% of 3 rd through 8 th grade students enrolled in at least their second year at the school will meet or exceed the RIT score proficiency equivalent according to the most recent linking study comparing NWEA Growth to New York State standards. ¹¹	2+ students	75%	[417]	[31%]	[No]

End of Year Performance on 2022-23 NWEA MAP [Math] Assessment By All Students and Students Enrolled in At Least Their Second Year

G 1	All Stu	idents	Enrolled in at least their Second Year		
Grades	Percent Proficient ¹²	Number Tested	Percent Proficient	Number Tested	
3	33%	82	33%	73	
4	31%	81	30%	70	
5	14%	71	16%	64	
6	32%	74	34%	64	
7	38%	79	43%	69	
8	35%	84	36%	77	
All	31%	471	32%	417	

End of Year Growth on 2022-23 NWEA MAP [Mathematics] Assessment

By All Students

⁹ Schools may elect to report the aggregated data for a different subpopulation of students if the total tested number of students with disabilities is 5 or fewer, or if the school's mission aligns to serving a different specific subpopulation. For schools that choose a different subpopulation (e.g. English language learners, students experiencing housing insecurity, etc.), please explain the rationale in the narrative section

¹⁰ Target should reflect the median growth percentile for all general education students. In the case that the school elects to measure the achievement of a different subpopulation, the target should reflect the median growth percentile of all students at the school not included in that subpopulation.

¹¹ https://www.nwea.org/content/uploads/2020/02/NY-MAP-Growth-Linking-Study-Report-2020-07-22.pdf.

¹² Proficient is defined as scoring at or above the grade-level RIT score cut score according to the most recently available linking study found <u>here</u>. Refer to pages 15-16, tables 3.5 and 3.6.

Grades	Median Growth Percentile	Number Tested
3	56	75
4	31	74
5	43	65
6	52	67
7	57	70
8	79	55
All	430	49

EVALUATION OF THE MATHEMATICS GOAL

Overall on the NY State Math Assessment, 48% of students achieved proficiency. This number ranged from 34% in sixth grade to 61% in seventh grade. Of note, nearly one third of eighth graders took the Algebra Regents exam instead of the NY State Math exam, with 91% of students passing the exam. 50% of students enrolled in their second year at Brilla achieved proficiency, falling short of the goal of 75% of students enrolled in their second year or later achieving proficiency.

While Brilla College Prep did not meet its absolute measure, there is evidence of solid growth. Overall proficiency grew by ten percentage points from the prior year. Additionally, Brilla College Prep exceeded the goal of predicted performance by an effect size of 0.3 or higher. Overall, the effect size for Brilla College Prep was 0.96, significantly higher than the goal. The effect size was largest in seventh grade at 1.44, though every grade exceeded the goal measure. While the absolute measures indicate continued improvement needed in math areas, particularly in sixth grade, the growth measures are hopeful signs that programmatic shifts including the introduction of a new curriculum in middle school and the Math Stories block in elementary school are accelerating student math mastery.

Additional Context and Evidence

On the Spring NWEA assessments, students fell just short of Brilla's target of a median growth percentile of 50, achieving the 49th percentile. In grades 3, 6, 7 and 8, students meaningfully surpassed that number, with 8th grade achieving a median growth percentile of 79. This demonstrates the impact of the newly adopted Illustrative math curriculum in our middle school program and the focus on algebra readiness for all students which helped to accelerate student math growth. Overall, 31% of students in grades 3-8 were proficient on the Spring NWEA assessment which did not meet Brilla's goal of 75%. All but the fifth grade had proficiency between the 30%-40%. Fifth grade was an outlier with just 14% projected proficiency. This discrepancy is likely due to the different levels of experience seen in our fifth grade classrooms, with more novice math teachers in fifth grade who were still learning the new curriculum and content. The overall low achievement reflects the lingering gaps in student understanding of foundational numeracy and fluency skills, as well as the challenges with algebraic thinking. This data tells us that Brilla College Prep must continue to move at an accelerated growth rate to ensure that gaps in students' mathematical knowledge are addressed in a way that yields absolute achievement. The introduction of the targeted math block this year in all grades, as well as daily math routine practice, will help to ensure that students are getting instruction that intentionally develops the individualized needs of each student while solidifying students' basic numeracy skills and fluency with math facts.

In K-2, the percentage of students achieving at or above the 50th percentile on the NWEA Spring Assessment was slightly higher than in 3-8. In Kindergarten, 51% of students ended the school year above the 50th percentile, growth of 29% from the fall. This is in large part due to the introduction of Counting Jar routines and daily spiral review practice which helped to build students' numeracy and base ten understanding quickly. In first grade, 41% of students ended the year at or above the 50th percentile, as did 30% of second graders. The decline in the second grade achievement can be attributed to unexpected staff vacancies in that grade level and relative inexperience withing the grade team. The continued use of Counting Jar, Money Jar and Array Jar in grades K-2, as well as daily math routines targeting scholars' remedial math skills, aims to address these areas.

MATHEMATICS ACTION PLAN

Brilla has made a commitment to strengthening its mathematics program in the 2023-2024 school year. In the 2021-2022 school year, each elementary school fully implemented the revised K-2 math curriculum in order to ensure consistent exposure and mastery opportunities of foundational operations and thinking skills. In the 2022-2023 school year, a revised 3-4 math curriculum was implemented in each elementary school to ensure greater clarity, fluency and conceptual understanding of mathematical concepts. An additional math block, Math Story Problems, was implemented in K-2 across each elementary school. The Math Stories block was designed to build conceptual understanding and flexible problem solving skills through the use of a rigorous story problem that students grapple and discourse over. Moreover, the continued implementation of differentiated, small group instruction in mathematics in elementary school, we expect to make considerable gains. Additionally, our character-based initiatives programming will continue to include elements of mathematics in our regular morning meeting and advisory classes to ensure students are getting at-bats with grade-level standards. (And as indicated above, our middle school program moved to a new curriculum, Illustrative Math.)

In recognition of the expertise needed to improve and sustain a high performing school, we are designing and implementing a Targeted Mathematics Block in alignment with our innovative Targeted Literacy Block to assist students and teachers participate in personalized, differentiated and accelerated instruction opportunities across math standards. Additionally, we will be evaluating our 4th grade math curriculum to incorporate elements of Illustrative Mathematics to better prepare a route to Algebra-One-for-All by 8th grade. For the coming year we have hired a network STEM specialist and campus-based STEM instructional coaches to facilitate the execution and readiness of mathematics in our schools. In the 2023-2024 school year, we will continue to utilize these personnel as a key resource for development for our staff in math content. This team will observe math instruction across each math block, assist school leaders in analyzing data and creating action plans and provide necessary development for coaches and teachers.

As part of our Intervention program, students who need Tier 3 academic support will continue to receive high dosage tutoring in the 2023-2024 school year and the general Targeted Math Block will support all students in mathematics, based on their performance data. The Student Services Team at each campus will also create differentiated materials to supplement our Tier 1 mathematics program that ensures inclusion and acquisition of numeracy skills is both related to the core content as well as ensuring these students make gains. Additionally, Brilla has identified programmatic

weaknesses in the development of our Multi-Language Learners through multiple data sources. By ensuring that the schools have at least one MLL Specialist a more purposeful approach to programming can be implemented. Further, the instructional leadership team implemented a Learning Walk Protocol, modeled after Instructional Rounds, to develop a deeper approach to the collection and analysis of instructional moves based on differentiated data points, add coherence and structure to the professional development of school and grade level leaders, and provide ongoing content and instruction support around promising practices to all Brilla schools. These Learning Walks, now fully implemented, will provide centralized staff the opportunity to create responsive teacher and leader workshops to ensure fidelity and quality in implementation of the mathematics program.

Staff are receiving math curricular training and math intervention program training during summer onboarding, and will continue to receive targeted math professional development throughout the year. In order for students to have access to high-quality instruction that will lead to significant academic progress, teachers need to deeply understand the curriculum and content. It is critical that teachers have an understanding of the Next Generation Standards and are able to access resources that help break down the standards. Teachers need to be able to identify the difference between a core foundational standard for the grade from those standards that are simply 'supporting' or 'additional' standards. A depth of content knowledge also better prepares teachers to anticipate misconceptions, understand student pathways of learning, and allows teachers to better shift the cognitive load to students. While growth was made in this area last school year, in 2023-2024 the focus will be to deepen teachers' understanding of inquiry, questioning, and mastery in mathematics through revised, enhanced, and more deeply implemented intellectual preparation.

In 2023-2024, Brilla will increase mathematics instructional minutes across the week to better meet the needs of our students. During the intervention block students will receive 1:1 and small group instruction as well spend time working with adaptive blended learning (Zearn in elementary, Aleks Math in middle school). Data will be collected and analyzed on 3-week cycles and students will progress through a standard progression to accelerate their opportunities to be ready for on-grade-level instruction. Additionally, Brilla has added extra capacity in the Student Services department across both the elementary and middle school so that each grade level has its own learning specialist to assist in tiered interventions.

GOAL 3: SCIENCE

Brilla students will possess science skills at or above grade level.

BACKGROUND

At the elementary level (K-4), science curriculum is aligned to the Core Knowledge Sequence that drives ELA instruction. This alignment allows for scholars to delve into thematic units and to experience connections across contents. The Science curriculum has a commitment to engage scholars through inquiry and experiential, hands-on learning. This approach encourages scholars to think critically about the world around them by exposing them to lessons that force them to analyze and assess real world and historical content. Science lessons, while primarily project-based, include:

- Experiments: in these lessons, scholars follow the Inquiry Cycle to explore different problems
 and work to formulate conclusions and/or possible solutions. Scholars have the opportunity to
 conduct experiments as a whole class, in small groups, and individually.
- Hands-on: Scholars engage in lessons where the purpose is to learn through experience. They will create projects that challenge and engage their thinking to work, over time, toward a final project, while simultaneously utilizing math and literacy skills. To create these projects, scholars work on their process skills to take a project from start to finish. They work both independently and collaboratively on projects to also build up their communication and socialization skills.
- **Didactic (teacher-led instruction)**: Scholars engage in didactic lessons where they are first taught information by an instructor or instructive material. They then continue the lesson by practicing or applying the concepts taught individually, with a partner, or in a small group.
- Socratic Seminars: During Socratic seminar lessons, students engage in thoughtful, critical-thinking based discussions that reinforce habits of discussion learned in other content areas. The teacher/student asks a question and then "steps back" from the discussion and allows for the students to drive the conversation.

Many science units culminate in a summative assessment that measures scholar mastery of the content from the unit. For some units, an experiential task, graded on a rubric score that is defined prior to the start to the unit and aligned to standards, serves as the ultimate measure of content and standard mastery. Teachers also utilize writing pieces or multiple-choice assessments to measure scholar learning.

Brilla's middle school uses Amplify Science - a curriculum aligned to the Core Knowledge Sequence. The Core Knowledge Sequence spirals each year through topics in biology, chemistry, physics and earth science. Our students have been working with this curriculum since the beginning of kindergarten. Throughout elementary years, students are given a breadth of knowledge about the different fields of science. As they enter middle school, students begin to apply and analyze this knowledge through discussion, models and experimentation. The Core Knowledge Sequence is aligned with the science concepts outlined in the NYS standards for science and prepares students to deepen understanding in high school when they're exposed to higher-level concepts in biology, chemistry and physics. The Core Knowledge sequence also aligns with Brilla's focus on writing and literacy skills – ensuring students are exposed to a variety of nonfiction sources. This year was the first year Brilla equipped all students to take the Living Environments Regents examination in 8th grade where nearly 78% of students passed.

Brilla is cognizant of the need to ensure wide coverage of New York state science standards and works to supplement units that align to the New York State Science Standards, so scholars can be adequately prepared for the state Science Exams. The New York State Science Standards clearly outline the different knowledge students need to be successful in understanding the variety of science fields.

In 5th-8th grade, scholars are exposed to a curriculum that aligns to the Core Knowledge Sequence called Amplify Science. This curriculum emphasizes the following techniques to teaching science:

- **Do**: first-hand investigations are crucial in developing scientific understanding.
- Talk: student-to-student discourse and full class discussions are an integral part of the program.
- **Read**: students read age-appropriate books or scientific articles, focusing their reading activities on searching for evidence related to their hands-on investigation.
- **Write**: following real-world practices, students write scientific arguments based on evidence they've collected.

Each grade (5th-8th) takes unit assessments at the conclusion of each science unit. Additionally, experiments are graded on a rubric assessing demonstration of science knowledge as well as group work. Just as in math and ELA, other daily formative assessment tools, such as questioning and exit tickets, are also employed.

As with literacy and mathematics, professional development is led by the school's academic leadership team. While didactic instruction and content delivery was accomplished by leveraging our technology resources, all content delivery in the elementary schools was intermittent due to the revised school structures for literacy and math achievement. Middle school students still received daily science instruction.

In the 2022-2023 school year the decision to continue to prioritize literacy and math at the elementary school level remained the same. Moving into the 2023-2024 school year, the need to audit and revise the science program for K-4 is recognized and will begin. In the 5-8 science program, our model has shifted to prioritize science Living Environment in Grade 8, so, in parallel to Math, students can have an elevated Science experience with the goal of as many students as possible taking the Living Environment Regents exam. This will require us to revise our scope and sequence beginning in middle school and spiraling backwards through elementary school over the next two years.

ELEMENTARY AND MIDDLE SCIENCE

Science Measure 1 - Absolute

Each year, 75 percent of all tested students enrolled in at least their second year will perform at or above proficiency on the New York State science examination.

The school administered the New York Regents Living Environment assessment to 8th grade in spring 2023. The table below summarizes the performance of students.

Performance on Regents Science Exam Of 8 th Grade All Students by Year							
Grade	Year	Regents Exam	Number Tested	Number Passing	Percent Passing		
8	2022-23	Living Environment	81	59	73		

Science Measure 2 - Comparative

Each year, the percent of all tested students enrolled in at least their second year and performing at proficiency on the state science exam will be greater than that of all students in the same tested grades in the school district of comparison.

The school compares tested students enrolled in at least their second year to all tested students in the public school district of comparison. Comparisons are between the results for each grade in which the

school had tested students in at least their second year and the results for the respective grades in the school district of comparison.

2022-23 State Science Exam								
	Charter School and District Performance by Grade Level							
	Charter School Students in at Least 2 nd Year			All District Students				
Grade	Number Tested	Number Proficient	Percent Proficient	Number Tested	Number Proficient	Percent Proficient		
5								
8	81	59	73%	Not Avail.	Not Avail.	Not Avail.		
All	81	59	73%					

SUMMARY OF THE ELEMENTARY/MIDDLE SCIENCE GOAL

Brilla College Prep took the 8th grade Living Environments Regents exam as the 5th and 8th grade science exam does not recommence until the 23-24 school year. 73% of 8th graders passed the Living Environments Regents exam.

EVALUATION OF THE SCIENCE GOAL

This was the first year that Brilla eighth graders took the Regents exam in 8th grade. 73% of 8th graders passed the Living Environments Regents exam. Out of the 59 that passed, 9 were students with disabilities and 1 was a multi-language learner. 17 students passed with distinction, acquiring a score of 85% and higher.

ADDITIONAL CONTEXT AND EVIDENCE

This was the first year that Brilla eighth graders took the Regents exam in 8th grade. This achievement, 73% scoring proficient, illuminated the quality of our science curriculum but requires further thought moving forward into the sequence the curriculum is taught. Further, as we continue to exit out of pandemic restrictions, science lab exercises and more time allocated for application and filling content gaps is critical to a successful science education for our students.

ACTION PLAN

Brilla reinstated a full science curriculum and assessment cycle in the 2023-2024 school year as outlined in school years prior to the pandemic. The Brilla science curriculum will be executed and supportive of literacy initiatives to ensure student needs are being met in multiple domains throughout the day. Brilla has hired elementary and middle school STEM instructional coaches to support the ongoing work of revising the science curricula to ready students for 8th grade Living Environments Regents and to better support the teaching practices within the schools.

In accordance with our mission, Brilla Charter Schools ensure that our 8th grade graduates are prepared for advanced science coursework in high school. Our courses meet the NYS P-12 science standards for grade 5, middle school, as well as the high school Life Science standards.

The middle school (6-8) science standards are divided into three content areas: earth & space science (ESS), physical science (PS), and life science (LS). Since 8th grade will be reserved for covering all high school LS standards, students will need to learn all middle school ESS and PS standards by then, so that they can be prepared for their next high school science classes in those content areas (e.g. Chemistry, Earth Science, Physics or Astronomy).

Brilla is adopting a discipline-specific course sequence for 6th, 7th, and 8th grade that ensures all Brilla graduates receive instruction that meets all the ESS (Earth & Space Science), PS (Physical Science) and LS (Life Science) middle school science standards, as well as the high school LS standards.

By providing students with the opportunity to take a high school level science course in 8th grade, Brilla prepares our graduates for excellence in their future academic career. By matching the rigor of many other high-performing middle schools in NY, we enable our students to be considered for acceptance to elite high schools/scholarships, as well as freeing up their future high school schedules to allow students to pursue advanced study in science or other fields of their choice.

GOAL 4: ESSA

ESSA Measure 1

Under the state's ESSA accountability system, the school is in good standing: the state has not identified the school for comprehensive or targeted improvement.

Accountability Status by Year

Year	Status
2020-21	Good Standing
2021-22	Good Standing
2022-23	Good Standing

Additional Context and Evidence

Brilla continues to be a standout school in our community and our local district. Comparatively across all schools with similar demographics across the state, Brilla continues to be a standout school in our community and our local district. Comparatively across all schools with similar demographics across the state, Brilla ranks 5th in ELA results and 4th in math results out of 60 NYC Department of Education schools who serve a comparable demographic.

APPENDIX A: DATA REPORTING TABLES

The following section contains sample tables for the optional reporting of grade-level and school-level results under the ELA and mathematics goal areas. The tables align to the measures and targets for the NWEA MAP and a-Ready assessments. Schools that administer other nationally normed assessments or internally developed assessment should modify these tables as necessary.

Paste the completed tables in the "Internal Exam Results" sections under the respective goal area. Table titles need to be adapted to reflect the appropriate subject area, i.e., English language arts, mathematics, etc.

Guidance for calculating the results in each of the tables below is available here.

NWEA

I-READY

2022-23 i-Ready [ELA/Mathematics] Assessment End of Year Results							
Measure	Subgroup	Target	Tested	Results	Met?		
Measure 1: Each year, the school's median percent progress to Annual Typical Growth of 3 rd through 8 th grade students will be equal to or greater than 100%.	All students	100%	[#]	[%]	[Yes/No]		
Measure 2: Each year, the school's median percent progress to Annual Typical Growth of all 3 rd through 8 th grade students who were two or more grade levels below grade level in the fall will be equal to or greater than 110% by the spring assessment administration.	Low initial achievers	110%	[#]	[%]	[Yes/No]		

Measure 3: Each year, the median percent progress to Annual Typical Growth of 3 rd through 8 th grade students with disabilities at the school will be equal to or greater than the median percent progress to Annual Typical Growth of 3 rd through 8 th grade general education students at the school.	Students with disabilities ¹³	[%] ¹⁴	[#]	[%]	[Yes/No]
Measure 4: Each year, 75% of 3 rd through 8 th grade students enrolled in at least their second year at the school will score at the <i>mid on-grade level</i> or above scale score for the year-end assessment.	2+ students	75%	[#]	[%]	[Yes/No]

End of Year Performance on 2022-23 i-Ready [ELA/Mathematics] Assessment By All Students and Students Enrolled in At Least Their Second Year

	All Students		Enrolled in at least their Second Year

INDEPENDENT AUDITOR'S REPORT

Board of Trustees Brilla College Preparatory Charter Schools

Opinion

We have audited the accompanying financial statements of Brilla College Preparatory Charter Schools, which comprise the statement of financial position as of June 30, 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Brilla College Preparatory Charter Schools as of June 30, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Brilla College Preparatory Charter Schools and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Change in Accounting Principle

As discussed in Note A to the financial statements, during the year ended June 30, 2023, the entity adopted new accounting guidance related to accounting for leases. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Brilla College Preparatory Charter Schools' ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Brilla College Preparatory Charter Schools' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Brilla College Preparatory Charter Schools' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited Brilla College Preparatory Charter Schools' June 30, 2022 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 27, 2022. In our opinion, the summarized comparative information presented herein as of June 30, 2022 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 27, 2023 on our consideration of Brilla College Preparatory Charter Schools's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Brilla College Preparatory Charter Schools's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Charter School

Brilla College Preparatory Charter Schools (the "Charter School") is an educational corporation that operates as a charter school in Bronx, New York.

The Charter currently possesses four charters granted by the SUNY Board of Trustees' Charter School Committee (SUNY). Brilla College Preparatory Charter School was granted it's third renewal in December 2022 for a three-year term through and including July 2025. Brilla Veritas Charter School was granted its first renewal in November 2021 for a three-year term through and including July 2025. These were considered "full" renewals, with a shorter term to begin to align charter terms among all four schools. In October 2018, SUNY approved the initial five-year charters for Brilla Caritas Charter School and Brilla Pax Charter School, which opened in August of 2020 with expiration in June 2025.

The Charter School was established to provide its students in grades K-8 with traditional academic skills to develop their cognitive, social, emotional, and physical excellence.

In December 2021, the SUNY approved a revision to its charter to create Vertex Partnership Academies Inc. ("Vertex"), a joint high school program with Public Prep Charter School ("PPA"). Also, in December 2021, the Charter School signed an agreement with PPA to manage a joint high school incorporating scholars from both charter schools. The first Vertex campus opened in the Bronx in Fall 2022. See additional information as described in Note O.

Classification of net assets

The financial statements of the Charter School have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP). The Charter School reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

These classes of net assets are defined as follows:

Net Assets Without Donor Restrictions

The net assets over which the Board of Trustees has discretionary control to use in carrying on the Charter School's operations in accordance with the guidelines established by the Charter School. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment.

Net Assets With Donor Restrictions

Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both. The Charter School had no net assets with donor restrictions at June 30, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Revenue and support recognition

Revenue from Exchange Transactions: The Charter School recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

The Charter School records substantially all revenues over time as follows:

Public school district revenue

The Charter School recognizes revenue as educational programming is provided to students throughout the year. The Charter School earns state and local per pupil revenue based on the approved per pupil tuition rate of the public school district in which the pupil resides. The amount received each year from the resident district is the product of the approved per pupil tuition rate and the full-time equivalent student enrollment of the School. Each NYS school district has a fixed per pupil tuition rate which is calculated annually by NYSED in accordance with NYS Education Law. Amounts are billed in advance every other month and payments are typically received in six installments during the year. At the end of each school year, a reconciliation of actual enrollment to billed enrollment is performed and any additional amounts due or excess funds received are agreed upon between the Charter School and the district(s) and are paid or recouped. Additional funding is available for students requiring special education services. The amount of additional funding is dependent upon the length of time and types of services provided by the Charter School to each student, subject to a maximum amount based upon a set rate for each district as calculated by NYSED.

Rental assistance

Facilities rental assistance funding is provided by the New York City Dept of Education (NYCDOE) to qualifying charter schools located in the five boroughs of NYC. In order to receive rental assistance funding, a charter school must have commenced instruction or added grade levels in the 2014-15 school year or thereafter, and go through a space request process with the NYCDOE. If NYCDOE is not able to provide adequate space, the charter school can become eligible for rental assistance. Rental assistance is calculated as the lesser of 30% of the per-pupil tuition rate for NYC times the number of students enrolled, or actual total rental costs. As rental assistance is based on the number of students enrolled, revenue is recognized throughout the year as educational programming is provided to students.

The following table summarizes contract balances at their respective statement of financial position dates:

	 June 30,					
	2023		2022		2021	
Grants and other receivables	\$ 83,234	\$	22,502	\$	94,061	

Contributions

The Charter School recognizes contributions when cash, securities or other assets, an unconditional promise to give, or a notification of a beneficial interest is received. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restrictions.

Grant revenue

Some of the Charter School's revenue is derived from cost-reimbursable federal and state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the Charter School has incurred expenditures in compliance with specific contract or grant provisions. Certain grants are subject to audit and retroactive adjustments by its funders. Any changes resulting from these audits are recognized in the year they become known. Qualifying expenditures that have been incurred but are yet to be reimbursed are reported as grants and contracts receivable in the accompanying statement of financial position. Amounts received prior to incurring qualifying expenditures are reported as deferred revenue in the accompanying statement of financial position. The Charter School received cost-reimbursement grants of approximately \$5,558,000 and \$6,339,000 that have not been recognized at June 30, 2023 and 2022, respectively, because qualifying expenditures have not yet been incurred.

Cash and cash equivalents

Cash and cash equivalents and certificates of deposit balances are maintained at financial institutions located in New York and are insured by the FDIC up to \$250,000 at each institution. The Charter School considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Charter School has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash and cash equivalents.

Cash and cash equivalents and restricted cash balances for the years ended June 30, 2023 and 2022 consisted of the following:

	June	20,
	2023	2022
Cash and cash equivalents	\$ 10,920,726	\$ 9,705,186
Cash in escrow	200,103	200,064
	\$ 11,120,829	\$ 9,905,250

Cash in escrow

The Charter School maintained cash in an escrow account in accordance with the terms of its Charter agreement, to pay off expenses in the event of dissolution of the Charter School.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Investments

Investments are maintained in accordance with the Charter School's Finance Policy Manual. The goals of this policy are the preservation of principal, the maintenance of liquidity, and to obtain a competitive return on investment subject to prevailing market conditions and safe and sound investment practices. Assets within this portfolio will be permitted to have investments maturing in one year or less.

Investments consist of the following:

	June	÷ 30,
	2023	2022
U.S. Treasury Bills	\$ 1,554,476	\$ 4,622,224

Grants and other receivables

Grants and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts based on its assessment of the current status of individual receivables from grants, agencies and others. Balances that are still outstanding after management has used reasonable collection efforts are written off against the allowance for doubtful accounts. There was no allowance for doubtful accounts at June 30, 2023 and 2022.

Property and equipment

Property and equipment are recorded at cost. Depreciation and amortization are computed using the straightline method on a basis considered adequate to depreciate the assets over their estimated useful lives, which range from three to ten years. Leasehold improvements are amortized over the term of the lease.

Major renewals and betterments are capitalized, while repairs and maintenance are charged to operations as incurred. Upon sale or retirement, the related cost and allowances for depreciation are removed from the accounts and the related gain or loss is reflect in operations.

Leases

The Charter School leases building space and equipment and determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets, current liabilities, and other liabilities on the accompanying statement of financial position.

ROU assets represent the Charter School's right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As most of the leases do not provide an implicit rate, the Charter School uses a risk-free rate based on the information available at commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Charter School will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

The Charter School's lease agreements do not contain any material residual value guarantees or material restrictive covenants.

In evaluating contracts to determine if they qualify as a lease, the Charter School considers factors such as if the Charter School has obtained substantially all of the rights to the underlying asset through exclusivity, if the Charter School can direct the use of the asset by making decisions about how and for what purpose the asset will be used and if the lessor has substantive substitution rights. This evaluation may require significant judgment.

Contributed services

The Charter School receives contributed services from volunteers to serve on the Board of Trustees. These services are not valued in the financial statements because they do not require "specialized skills" and would typically not be purchased if they were not contributed. The Charter School received food supplies and services, speech and occupational therapy, paraprofessionals, nursing services, counseling services and metro cards for student transportation from the local district.

In-kind contributions

Gifts and donations other than cash are recorded at fair market value at the date of contribution. There were no in-kind contributions received for the years ended June 30, 2023 and 2022.

Tax exempt status

The Charter School is a tax-exempt organization under section 501(c)(3) of the Internal Revenue Code and applicable state regulations and, accordingly, is exempt from federal and state taxes on income. The Charter School has filed for and received income tax exemptions in the various jurisdictions where it is required to do so.

The Charter School files Form 990 tax returns in the U.S. federal jurisdiction. The tax returns for the years ended June 30, 2020 through June 30, 2023 are still subject to potential audit by the IRS. Management of the Charter School believes it has no material uncertain tax positions and, accordingly it will not recognize any liability for unrecognized tax benefits.

Marketing costs

The Charter School expenses marketing costs as they are incurred. Total marketing and recruiting costs approximated \$521,000 and \$366,000 for the years ended June 30, 2023 and 2022, respectively.

Security deposits

Security deposits are made up of payments to third parties in connection with facility lease agreements.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Comparatives for the period ended June 30, 2022

The financial statements include certain prior year summarized comparative information in total but not by functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with Charter School's financial statements for the period ended June 30, 2022, from which the summarized information was derived.

Adoption of new accounting standard - leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of ROU assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020 to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Charter School adopted ASC 842 with the date of initial application of July 1, 2022.

The Charter School recognized and measured leases existing at July 1, 2022 (the beginning of the period of adoption) through a cumulative effect adjustment, with certain practical expedients available. Lease disclosures for the year ended June 30, 2022 are made under prior lease guidance in FASB ASC 840.

As part of the adoption of ASC 842, the Charter School elected practical expedients to account for the existing operating leases as operating leases, under the new guidance, without reassessing (a) whether the contracts contain leases under the new standard; (b) whether classification of operating leases would be different in accordance with the new guidance; or (c) whether the unamortized initial direct costs before transition adjustments would have met the definition of initial direct costs in the new guidance at lease commencement.

As a result of the adoption of the new lease accounting guidance, The Charter School recognized on July 1, 2022 a lease liability of \$212,492,947, which represents the present value of the remaining operating lease payments of \$350,092,732, discounted using the Charter School's weighted average risk-free rate of 3.13%, and a right-of-use asset of \$207,989,199 which represents the operating lease liability of \$212,492,947 adjusted for deferred lease liability of \$4,503,748. The standard had a material impact on the accompanying statement of financial position, but did not have a significant impact on the statements of activities, changes in net assets and cash flows.

New accounting pronouncement – credit losses

In June 2016 the FASB issued ASU 2016-13, "Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments" (ASU 2016-13), which requires entities to use a new impairment model referred to as the current expected credit losses (CECL) model rather than incurred losses. The new standard affects accounting for loans, accounts (trade) receivable, held-to-maturity debt securities, and other financial assets included in the scope. For non-public entities, the new standard is effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years. The Charter School is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Charter School's financial position or results of operations.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE A: THE CHARTER SCHOOL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Subsequent events

The Charter School has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through October 27, 2023, which is the date the financial statements are available to be issued. See Note O.

NOTE B: LIQUIDITY AND AVAILABILITY

The Charter School regularly monitors liquidity required to meet its operating needs and other contractual commitments. The Charter School's main source of liquidity is its cash accounts.

For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Charter School considers all expenditures related to its ongoing activities of teaching, and public service as well as the conduct of services undertaken to support those activities to be general expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, the Charter School operates with a balanced budget and anticipates collecting sufficient revenue to cover general expenditures not covered by donor-restricted resources. Refer to the statement of cash flows which identifies the sources and uses of the Charter School's cash and shows positive cash generated by operations for fiscal years 2023 and 2022.

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, comprise the following at June 30, 2023 and 2022:

	June 30,		
		2023	2022
		40.000	
Cash and cash equivalents	\$	10,920,726	\$ 9,705,186
Certificates of deposit		2,212,867	1,003,231
Investments		1,554,476	4,622,224
Grants and other receivables		3,741,482	2,129,079
Total financial assets available to management			
for general expenditures within one year	\$	18,429,551	\$ 17,459,720

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE C: PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

	June 30,			
	2023	2022		
Furniture and fixtures	\$ 1,763,408	\$ 1,254,776		
Computer equipment and software	1,991,014	1,591,992		
Office equipment	763,416	735,604		
Leasehold improvements	3,353,760	3,088,763		
	10,938,897	6,671,135		
Less accumulated depreciation and amortization	5,567,347	4,590,680		
	\$ 5,371,550	\$ 2,080,455		

NOTE D: COMMITMENTS AND RELATED PARTY TRANSACTIONS

The Charter School has an Academic and Business Services Agreement with Seton Education Partners, Inc. (Seton). The agreement began on July 1, 2017 and renews annually on June 30. Seton will be responsible and accountable to the Board for the administration, operations, education, and performance of the Charter School in accordance with the Charter and the Charter School's budget.

The Charter School will pay Seton fifteen percent of the total enrollment of students multiplied by the approved per pupil operating expenses, payable six times a year. The fee for the years ended June 30, 2023 and 2022 was approximately \$4,837,000 and \$4,488,000, respectively. There was approximately \$69,200 and \$13,800 due to Seton at June 30, 2023 and 2022, respectively. There was approximately \$13,000 and \$83,100 due from Seton, at June 30, 2023 and 2022, respectively. See Note O for additional information regarding related party transactions with Vertex for the joint High School

NOTE E: SCHOOL FACILITIES

The Charter School currently subleases most of its facilities from Seton, totaling approximately 170,000 square feet of classrooms and office facilities along with 1,900 square feet of play-yard at June 30, 2023, except the joint High School. See Note O for details.

The Charter School subleases a property at East 144th Street under a non-cancelable lease agreement expiring in June 2028. The current monthly payment is \$137,443 and will increase each year of the lease term by the agreed upon amount as described in the lease.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE E: SCHOOL FACILITIES, Cont'd

The Charter School has a sublease for the middle school located on Courtlandt Ave. The lease began on July 1, 2018 and the current monthly payment is \$146,848 and will increase each year of the lease term by the agreed upon amount as described in the lease. In July of 2022, the lease was amended and now goes through June 2046.

The Charter School also has a sublease agreement for a property located on College Avenue which commenced in July 2019. This lease renewed in September 2021, for \$101,000 per month through June 2022, and in July of 2022, the lease was amended for \$39,141 per month and now goes through June 2024.

The Charter School signed a rental agreement for property located on East 156th Street in which substantial improvements must be made by the lessor before the commencement date and made a security deposit of \$300,000. The lease commenced September 2020 and was originally scheduled to expire in June 2051. The current monthly payment is \$190,436. The payment will increase each year of the lease by the agreed upon amount as described in the lease. In July of 2022, the lease was amended to go through August 2051.

In January 2020, the Charter School signed an agreement to guarantee debt related to property at 2336 Andrews Avenue North, for the Caritas and Pax Elementary Schools. The initial amount of the construction loan was \$11,136,000; this loan was repaid in connection with the bond financing by Seton to which the Charter School has an indemnification agreement and is not liable nor are they a guarantor of these bonds. As a condition of the bond issuance, the Charter School has certain financial covenants with Seton's lender. The Charter School was in compliance with these covenants June 30, 2023.

The lease at 2336 Andrews Avenue North, commenced in July of 2020 and expires in June 2055. The current monthly payment on the lease is \$228,524 and will increase each year of the lease term by the agreed upon amount as described in the lease.

In February 2022, the Charter School signed a sublease for 1956 Jerome Avenue, which does not begin until July 2024 and goes through June 2063. Monthly rent at that time will be \$207,068 and will increase each year of the lease term by the agreed upon amount as described in the lease.

In March 2023, the Charter School signed a sublease for 222 Alexander Avenue, which begins in July 2023 and goes through June 2033, with a five-year extension. The current monthly rent is \$138,645 and will increase each year of the lease term by the agreed upon amount as described in the lease.

Rent expense for the years ending June 30, 2023 and 2022, was approximately \$13,515,000 and \$8,982,000, respectively.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE F: LEASES

The school has operating leases for school facilities (see Note E) and office equipment. The Charter School leases office equipment with various remaining lease terms ranging from 1 to 4 years.

A summary of operating lease right-of-use assets and liabilities at June 30, 2023 are as follows:

	Statement of Financial	
	<u>Position Classification</u>	
<u>Assets</u>		
Other assets	Right-of-use assets	\$ 201,207,003
<u>Liabilities</u>		
Current liabilities	Current portion of lease liabilities	\$ 2,906,281
	•	,
Other liabilities	Long-term lease liabilities	207,289,548
		\$ 210,195,829
The component of lease expense	were as follows:	
Operating lease cost		\$ 13,381,778

As of June 30, 2023, minimum payments due for lease liabilities for future years are as follows:

Year ending June 30,	Amount
2024 2025 2026	\$ 9,426,467 7,913,633 8,585,413
2027 2028 Thereafter	9,273,631 10,015,886 294,252,978
Total lease payments	339,468,008
Less: Interest Present value of lease liabilities	(129,272,179) \$ 210,195,829

\$ 212,492,947

Weighted-average remaining lease term:

Operating leases

28.58 years

Weighted-average discount rate:

Operating leases

3.13%

NOTE G: CONCENTRATIONS

At June 30, 2023 and 2022, approximately 88% and 96%, respectively, of grants and other receivables were due from New York State and federal agencies.

During both of the years ended June 30, 2023 and 2022, approximately 70% and 69%, respectively, of total operating revenue and support came from per-pupil funding provided by New York State. The per-pupil rate is set annually by the State based on the school district in which the Charter School's students are located.

During both of the years ended June 30, 2023 and 2022, approximately 15% and 14%, respectively, of total operating revenue and support came from rental assistance provided by New York City Department of Education.

NOTE H: RETIREMENT PLAN

The Charter School sponsors a defined contribution 403(b) plan covering all regular employees. The Charter School may make a discretionary contribution to the plan. The Charter School makes up to a 3% match of employee contributions. For those eligible employees with over five years of service an additional 2% match is made. The Charter School contributed approximately \$557,000 and \$419,000 to the Plan for the years ended June 30, 2023 and 2022, respectively.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE I: CONTINGENCIES

Certain grants and contracts may be subject to audit by funding sources. Such audits might result in disallowance of costs submitted for reimbursement by the Charter School. Management is of the opinion that such disallowances, if any, will not have a material effect on the accompanying financial statements. Accordingly, no amounts have been provided in the accompanying financial statements for such potential claims.

NOTE J: FUNCTIONAL EXPENSES

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function are allocated on the basis of estimates of time and effort.

NOTE K: NET ASSETS

Net assets without donor restrictions are as follows:

	June	30,
	2023	2022
Property and equipment Undesignated	\$ 5,371,550 8,935,241	\$ 2,080,455 13,096,330
	\$ 14,306,791	\$ 15,176,785

Inna 20

NOTE L: ACCOUNTING IMPACT OF COVID-19 OUTBREAK

In response to the COVID-19 outbreak, the Federal Government passed several COVID relief acts which include funding for elementary and secondary education. The Elementary and Secondary School Emergency Relief Fund (ESSER Fund) was established to award grants to state and local educational agencies. The Charter School has recognized \$4,607,134 and \$3,941,013 of revenue relative to ESSER grants during the years ended June 30, 2023 and 2022, respectively.

NOTE M: EMPLOYEE RETENTION CREDIT

In March, 2020, the CARES Act was enacted. Under the CARES Act, the Employee Retention Credit ("ERC"), a refundable wage-related tax credit, was made available to eligible employers. The Charter School recognized a net benefit of approximately \$1,050,586 recorded as other revenue related to this credit during the year ended June 30, 2023. There was no amount recognized for the year ended June 30, 2022. The Charter School received this net payment in full in January 2023.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE N: FAIR VALUE MEASUREMENTS

Accounting principles establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2023 and 2022.

U.S. government and U.S. agencies — Bonds issued by the U.S. Treasury, the Federal Home Loan Bank, the Federal Home Loan Mortgage Corporation, Government National Mortgage Association and the Federal National Mortgage Association. The fair values of U.S. treasury bonds are based on quoted market prices in active markets, and are included in the Level 1 fair value hierarchy. The Charter School believes the market for U.S. treasury bonds is an actively traded market given the high level of daily trading volume.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE N: FAIR VALUE MEASUREMENTS, Cont'd

The following table sets forth by level, within the fair value hierarchy, the Charter School's assets at fair value as of June 30, 2023 and 2022:

	Assets at Fair Value							
	Level 1	Level 2	Level 3	Total				
<u>June 30, 2023</u>								
U.S. Government securities:

Total assets at fair value	\$ 4,622,224	\$ -	\$ -	\$ 4,622,224				

NOTE O: JOINT HIGH SCHOOL OPERATING AGREEMENTS

Charter Management Fee

As described in Note A, the Charter School entered into agreements with PPA and Vertex to manage a Joint High School Program incorporating scholars from both charter schools. In connection with the agreements, the Charter School pays a service fee to Vertex for its role in managing the joint high school equal to 15% of all the public revenues received by the Charter School for students attending the joint high school. Public revenues excludes any Federal Public Charter School Program Planning and Implementation Grant ("CSP") or any funding allocated or awarded during the 2021-2022 school year under the American Rescue Plan Elementary and Secondary School Emergency Relief Fund, the American Rescue Plan Act of 2021 or the Coronavirus Aid, Recovery and Economic Security Act. The Charter School paid a charter management fee expense of \$150,072 for the year ended June 30, 2023. There was no charter management fee expense for the year ended June 30, 2022. There was approximately \$54,000 net owed to Vertex at June 30, 2023, and there were none at June 30, 2022.

Sublease with Vertex

During 2022, the Charter School entered into a sublease with Vertex for the Joint High School facility. The sublease commenced July 1, 2022. The sublease term was through June 30, 2023 and includes all utilities and security services. This lease expense amounted to \$211,128 for the year ended June 30, 2023. There was no expense for the year ended June 30, 2022. In August 2023, the lease was extended from July 1, 2023 to June 30, 2024 with total bi-monthly rent of \$204,840 for PPA and the Charter School jointly.

NOTES TO FINANCIAL STATEMENTS, Cont'd

JUNE 30, 2023 (With Comparative Totals for 2022)

NOTE O: JOINT HIGH SCHOOL OPERATING AGREEMENTS, Cont'd

Joint High School Funding

Under the agreements, the Charter School and PPA are to transfer to the Joint High School all funds received from any governmental or private entity with respect to the Joint High School Program and its students including but not limited to, per pupil funding received from New York State and its municipalities and school districts; all Federal Government funding including Title I, Title III, E-rate, and CSP funding; and all startup funding received from private foundations with respect to the Joint High School Program. Any rental assistance received through the New York City Department of Education by the Charter School and PPA shall be used towards rental payments for the High School Facility for students enrolled in the Joint High School Program pursuant to their sublease agreement.

Contribution to High School

The agreements also state that it is the sole responsibility of Vertex to ensure that it has sufficient funds to run the Joint High School Program should additional funds be required beyond the Joint High School Funding and the Charter Management Fee. During the year ending June 30, 2023, the Charter School recognized a contribution of \$438,765 from Vertex in the accompanying statement of activities.

OTHER FINANCIAL INFORMATION

INDEPENDENT AUDITOR'S REPORT ON OTHER FINANCIAL INFORMATION

Board of Trustees Brilla College Preparatory Charter Schools

We have audited the financial statements of Brilla College Preparatory Charter Schools for the year ended June 30, 2023, and have issued our reports thereon dated October 27, 2023, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The financial information hereinafter is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements for the year ended June 30, 2023, as a whole.

REPORT TO THE AUDIT COMMITTEE

JUNE 30, 2023

October 27, 2023

Audit Committee Brilla College Preparatory Charter Schools

We have audited the financial statements of Brilla College Preparatory Charter Schools as of and for the year ended June 30, 2023, and have issued our report thereon dated October 27, 2023. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated June 7, 2023, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of its respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Brilla College Preparatory Charter Schools solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate and our firm have complied with all relevant ethical requirements regarding independence. Safeguards in place to eliminate or reduce threats to independence to an acceptable level include a skilled, knowledgeable and experiences outsourced finance team who reviews the draft financial statements prior to issuance and accepts responsibility for them.

Significant Risks Identified

The significant risks below were identified during the performance of our risk assessment procedures:

- Management override of controls
- Improper revenue recognition
- Misappropriation of assets
- Improper allocation of expenses to grants
- The potential for errors made in the implementation of ASC-842 Leases.

Professional auditing standards require that we identify and assess risks and design and perform our audit procedures to assess those risks. The identification of a risk does not mean that it has occurred, but rather is has the potential to impact the financial statements.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Brilla College Preparatory Charter Schools is included in Note A to the financial statements. In February 2016, the FASB issued a new standard related to leases requiring the recognition of right-of-use assets and lease liabilities on the balance sheet (ASC 842). As disclosed in Note A to the financial statements, during the year, Brilla College Preparatory Charter Schools adopted ASC 842. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements were the collectability of grants receivable, as well as the allocation of costs for the statement of functional expenses. We evaluated key factors and assumptions used to develop these estimates and determined that they are reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting Brilla College Preparatory Charter Schools' financial statements relate to revenue and support recognition, which is referred to in the notes of the financial statements.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. No such misstatements were identified during our audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Brilla College Preparatory Charter Schools' financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the management representation letter.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings or Issues

In the normal course of our professional association with Brilla College Preparatory Charter Schools, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, business conditions affecting the entity, and business plans and strategies that may affect the risks of material misstatement. These discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

* * * *

Should you desire further information concerning these matters, Shelby Stenson will be happy to meet with you at your convenience.

This report is intended solely for the information and use of the Board of Trustees, Audit Committee, and management of Brilla College Preparatory Charter Schools and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

MENGEL, METZGER, BARR & CO. LLP

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Trustees Brilla College Preparatory Charter Schools

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Brilla College Preparatory Charter Schools, which comprise the statement of financial position as of June 30, 2023 and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended and the related notes to the financial statements, and have issued our report thereon dated October 27, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Brilla College Preparatory Charter Schools' internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Brilla College Preparatory Charter Schools' internal control. Accordingly, we do not express an opinion on the effectiveness of Brilla College Preparatory Charter Schools' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Brilla College Preparatory Charter Schools' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and responses as item 2023-001.

Brilla College Preparatory Charter Schools's Response to Finding

Brilla College Preparatory Charter Schools's response to finding identified in our audit is described in the accompanying schedule of findings and responses. Brilla College Preparatory Charter Schools's response was not subjected to the auditing procedures applied in the audit of the consolidated financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mongel, Metzger, Barr & Co. LLP

Rochester, New York October 27, 2023

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Board of Trustees Brilla College Preparatory Charter Schools

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Brilla College Preparatory Charter Schools' compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Brilla College Preparatory Charter Schools' major federal programs for the year ended June 30, 2023. Brilla College Preparatory Charter Schools' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Brilla College Preparatory Charter Schools complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Brilla College Preparatory Charter Schools and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Brilla College Preparatory Charter Schools' compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Brilla College Preparatory Charter Schools' federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Brilla College Preparatory Charter Schools' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Brilla College Preparatory Charter Schools' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test basis,
 evidence regarding Brilla College Preparatory Charter Schools' compliance with the compliance
 requirements referred to above and performing such other procedures as we considered necessary in the
 circumstances.
- Obtain an understanding of Brilla College Preparatory Charter Schools' internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Brilla College Preparatory Charter Schools' internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of Brilla College Preparatory Charter Schools as of and for the year ended June 30, 2023, and have issued our report thereon dated October 27, 2023, which contained an unmodified opinion on those financial statements. Our audit was performed for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2023

NOTE A: BASIS OF PRESENTATION

The above schedule of expenditures of federal awards (the "schedule") includes the federal grant activity of Brilla College Preparatory Charter Schools and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Brilla College Preparatory Charter Schools has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

Finding 2023-001

Statement of condition

During our audit we noted Brilla College Preparatory Charter Schools was required to contribute \$25,000 to a dissolution fund for the Vertex Joint High School Program by June 30, 2023 in accordance with the provisions of the Charter Agreement section 8.9. The required escrow deposit was not made by the required date.

Criteria and effect of conditions

Management of the Joint High School, required further clarification from SUNY regarding the exact requirements of the dissolution funds as related to the Joint High School. As a result, management was delayed in remitting the deposits to the funds. Funds were deposited in accordance with the requirement as of October 4, 2023.

Future deposits of \$25,000 per fiscal year are required for each Education Corporation participating in the Joint High School Program until the total dissolution funds related to the Joint High School Program reach \$150,000.

Recommendation

We recommend management verify funds have been deposited to the dissolution funds on or about June 1st of each fiscal year. This will allow time for any necessary funds to be deposited prior to the deadline if necessary.

Management response

Management has deposited the overdue funds to each dissolution fund in accordance with the Charter Agreement section 8.9.

FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

None.

SCHEDULE OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS

None.

This is a new site for the school. We gained occupancy in July – a fire inspection will be provided at the $11/1/23$ upload.	e

Re:

1160 Beach Avenue, BIN # 2024304 Block: 3754, Lot: 27 Zoning District: R5

Bronx, NY 10472

To Whom It May Concern:

This is in response to your request of August 2, 2018 for a Letter of No Objection (LNO) at 1160 Beach Avenue for a Charter School use (Use Group 3). No Certificate of Occupancy (CO) exists on this property. However, other records from the Block and Lot Folder indicate an Auditorium for Church and School per Public Assembly Application No. 9 of 1951. Another Alteration Application No. 895 of 1961 shows a Church and School. The Department of Buildings (DOB) Building Notice Application No. 470 of 1965 indicates a basement plus three-story building for school use

Based on the submitted documentation, including N.Y.S. Education Department registrations, the school has been operated as a non-public school, graduating students with 8th grade diplomas. A parochial school is a use group (UG) 4, if it is operated and accessory to a house of worship; if the school is operated in accordance with NYS Department of Education requirements for non-public schools, it is similar to a public school, which is a use group (UG) 3.

Therefore, the Department of Buildings has No Objection to a Charter School Use Group (UG) 3 at 1160 Beach Avenue subject to the following conditions:

- 1. A fire alarm system, if existing has to be legalized with the DOB or certified as appropriate by a licensed professional; no new fire alarm system would be required because the charter school does not change the current use group (UG3) or occupancy classification (E). Fire alarm systems are required for educational occupancies and fire suppressions are required for commercial kitchens. Until that date FDNY certified fire wardens are required to be present on site during hours of operation, one per each means of egress per floor and one per every 100 children.
- If the seating plan is different than approved by PA application no. 9 of 1951, an alternate seating plan must be filed and signed off. Until that date, FDNY certified fire wardens are required to be present on site during the PA hours of operation.
- Provide fire protection systems throughout to comply with the NYC Building and Fire Codes if required.
- Comply with the DOB and Health Department regulations with respect to asbestos and lead paint abatement
- All exits and means of egress must be unobstructed at all times.
- Cooking is prohibited without a fire suppression system. Only warming of food and beverages are allowed.

If this building is hereafter altered or its use changes, an application for such alteration work or change of use must be filed and a Certificate of Occupancy shall be obtained pursuant to Article 118, Chapter 1 of Title 28 of the NYC Administrative Codes.

I trust this information is of assistance to you.

Sincerely,

Raymond Plumey, FAIA
Deputy Borough Commissioner

413 East 144 Streets

Block 2289, Lots 12, 13, 15 & 75

Zoning District R6

Bronx

Dear Ms. Suli:

This is in response to your request dated April 12, 2012 for a Letter of No Objection (LNO) at 414, 416, & 420 East 145 Street & 413 East 144 Street for educational/church use. There are no Certificates of Occupancy (CO) for these addresses. However, other Department of Buildings (DOB) records from the Block and Lot folder indicate that a church and two ancillary structures were built at this exact location in the 1920's. A convent and teachers dwelling was built on lot 12 per NB 1520 of 1925. A 1-story church is indicated on lot 13 per BN 186 of 1928, and a 4-story rectory is indicated on lot 15 per NB 1521 of 1925, and Alt. 254 of 1961. In addition, the Department of Finance (DOF) indicates a convent on lot 12 under code M4, a church on lot 13 under code M1 and a miscellaneous dwelling under code A9.

Therefore, the Department of Buildings (DOB) has no objection to educational and church use at 414, 416, & 420 East 145 Street & 413 East 144 Street.

If this building is hereafter altered or its use changes an application for such alteration work or change of use must be filed and a Certificate of Occupancy shall be issued pursuant to the NYC administrative construction codes Chapter 1, Article 118.

I trust this information has been of assistance to you.

Sincerely,

Raymond Plumey, FAIA

Deputy Borough Commissioner
